Mr. Fred A. Hoeke
General Electric Company
Knoxville, Tenn.

Dear Sir: An application for transfer to the grade of MEMBER in this Institute, under Clause(s).....^a.....of Sec. 5 of the Constitution (see back of this form), has been received from the person whose name appears below, and your name is given as one of the four references required by our Constitution, excerpts from which appear on the reverse side of this form.

For the confidential information of our Board of Examiners, will you kindly reply to the following inquiries and return this form as promptly as convenient in the enclosed envelope.

Name of Applicant

Very truly yours,

J. Elmer Housley, Supt. of Power
Aluminum Co. of America
Alcoa, Tenn.

H. H. Henline

National Secretary

(See qualification for the grade of Member, printed on the back of this form.)

For how long a period have you personally known the applicant?

4 years

Are you of the opinion that (a) his character is such that if elected he will prove a creditable MEMBER of the Institute, and that (b) he meets the other constitutional requirements for the grade of MEMBER?

(a) *yes* (b) *yes*

Kindly state instances within your personal knowledge of important work in the field of electrical engineering or the allied arts performed by the applicant, and your opinion of such work.

He is in responsible charge of design and operation of power plants. Mr Housley is a man of fine character and ability. Heartily recommended.

NOTE: If you desire the applicant's record before replying, please check here and return this form.

Mr. Raymond A. Hopkins
Tennessee Valley Authority
Knoxville, Tenn.

Dear Sir: An application for transfer to the grade of MEMBER in this Institute, under Clause(s) ^a of Sec. 5 of the Constitution (see back of this form), has been received from the person whose name appears below, and your name is given as one of the four references required by our Constitution, excerpts from which appear on the reverse side of this form.

For the confidential information of our Board of Examiners, will you kindly reply to the following inquiries and return this form as promptly as convenient in the enclosed envelope.

Name of Applicant

Very truly yours,

J. Elmer Housley, Supt. of Power
Aluminum Co. of America
Alcoa, Tenn.

H. H. Henline
National Secretary

(See qualification for the grade of Member, printed on the back of this form.)

For how long a period have you personally known the applicant?

About four years

Are you of the opinion that (a) his character is such that if elected he will prove a creditable MEMBER of the Institute, and that (b) he meets the other constitutional requirements for the grade of MEMBER?

(a) Yes (b) Yes

Kindly state instances within your personal knowledge of important work in the field of electrical engineering or the allied arts performed by the applicant, and your opinion of such work.

I have come in contact with Mr. Housley during the past four years in connection with his work as Superintendent of Power Generation in this vicinity for the Aluminum Company of America. He has been in charge of the operation of 3 of the Aluminum Company's plants and numerous major additions and alterations thereto.

NOTE: If you desire the applicant's record before replying, please check here and return this form.
