Attention: Ewing C. Sadler, Esq.

Dear Mac:

Your letter of March 20 asks for a copy of the Chicago office report on Swiss railroads. It happened that we had retained an extra copy of this report and this copy is being sent to you for your use in finishing the report you have under way. When you are finished using this report we shall be grateful if you will return it since we do not want to make a second run on a report of this size unless we are absolutely forced to do so.

Sincerely yours,

JAMES S. MARTIN
Special Assistant to the Attorney General
