AMERICAN INSTITUTE OF ELECTRICAL ENGINEERS
33 WEST 39TH STREET, NEW YORK, N. Y.

APPLICATION FOR TRANSFER TO THE GRADE OF MEMBER.

QUALIFICATIONS FOR TRANSFER.

The qualifications for transfer to the grade of Member are set forth in Article II, Section 5, of the Constitution, which is printed on the last page of this form. Applicants are urged to read these extracts carefully in order that they may have a perfect knowledge of the constitutional requirements.

Applicant's name Donald A Quarles

Present title or occupation Plant Systems Engineer

Business address Bell Telephone Laboratories #63 West St
New York City

TRANSFER FEE AND DUES.

Transfer fee from the grade of Associate to that of Member, Five (5) dollars.

The annual dues for the grade of Member are Fifteen (15) dollars.

REFERENCES.

Sec. 10 (Constitution). Applicants shall give references as follows:

For the grade of Member, to four Fellows or Members:

Should an applicant for admission or transfer to the grade of Member certify that he is not personally known to four Fellows or Members the Board of Examiners may accept, for the deficiency, other references, preferably professional engineers of standing. (This clause has been interpreted to apply only to applicants whose location or conditions of work are such that it is unreasonable to expect them to make reference to members of the Institute.)

References should be selected who have personal knowledge of the applicant's engineering experience.

As references occasionally fail to reply promptly to inquiries, it is suggested that applicants furnish more than the required number of names.

REFERENCES.
