My dear Sir,

I am duly in receipt
of your favour, the 20th
ultimo with enquiries
relative to your election
in connection with the
Society of Telegraph Engineers.

I was out of England
when your election took
place; but I see
your name inserted in
the list as a foreign
member. That you
did not receive the

regular printed papers
I suppose is due to
some negligence on
the part of the Secretary.

I have written to
Major Boltas &
asked him to send
you proper forms for
proposing your friends
who are all quite
eligible for election
as foreign members.

Yours very truly

Robert Palmer
