Dear Mr. Hutchinsens,

Some years ago there was considerable correspondence about a bust of Joseph Henry for the Hall of Fame.

I have never been informed of the outcome of the efforts to collect the money for this expense.

It seems to me the many rich alumni of Princeton might have provided this money.

Please let me know whether this case is closed now.

Yours truly
Carl Hering

Dear Sir:

In connection with your letter of September 17 please be advised that the funds to purchase the Joseph Henry bust were finally obtained through subscription among the Institute members, and an article descriptive of the unveiling of the bust in the Hall of Fame was printed in the June 1924 Journal, page 577.

Very truly yours,

H. E. Farrer
