WHITE BUILDING, 95 LIBERTY STREET.

RALPH W. POPE,

SECRETARY.

TELEPHONE 2199 CORTLANDT.

CABLE ADDRESS, CYANDRIC.

Mr. F.B.H. Paine,
120 Broadway, City.

NEW YORK,

April 7th, 1903?

Dear Sir:

An application for transfer to membership in the Institute has been filed by

Mr. Benjamin G. Lamme, of Pittsburg, Pa.,
who has referred to you as one who is familiar with his work.

For the information of the Board of Examiners and the Board of Directors will you kindly reply to the following inquiries:

Very truly yours,

Secretary.

For how long a period have you personally known the applicant?

About 15 years.

Kindly state instances within your personal knowledge of Electrical Engineering work; Or, of important original work of recognized value to electrical science, performed by the applicant, and your opinion of same

It will be difficult for me to give in so small a space an accurate statement of the number of original works of recognized value which Mr. Lamme has accomplished. His contributions to electrical science and practice in all the branches of alternating current are so well known that I presume this question is one of formality. His work in the development of alternating current motors, rotary converters, alternating current generators, as well as his recent great developments in A. C. railway practice may possibly be singled out.

Kindly give your opinion of the character, reputation and professional conduct of the applicant.

Mr. Lamme's personal character, reputation, and professional conduct is beyond question.

In order to avoid unnecessary delay in considering this case, please return this form before

Dear Sir:

An application for transfer to membership in the Institute has been filed by.....

.....Mr. Benjamin G. Lamme,..... of..... Pittsburg, Pa.,
who has referred to you as one who is familiar with his work.

For the information of the Board of Examiners and the Board of Directors will you kindly reply to the following inquiries:

Very truly yours,

Secretary.

For how long a period have you personally known the applicant?

About 14 years

Kindly state instances within your personal knowledge of Electrical Engineering work; Or, of important original work of recognized value to electrical science, performed by the applicant, and your opinion of same

work
Mr. Lamme is so well known to need extended mention. As chief of the designing force of the A.E.M. Co the track that can be said of him is that in the development of the induction motor, the rotary converter, and of large A.C. & D.C. generators he has taken a leading position. His recent development of the A.C. series motor for railway work was recently presented to the Ins. and bids fair to be of greatest importance.

Kindly give your opinion of the character, reputation and professional conduct of the applicant.

A man in every way above reproach.

Good opinion B. G. Lamme

NEW YORK,

April 7th, 1903.

Dear Sir:

An application for transfer to membership in the Institute has been filed by.....

Mr. Benjamin G. Lamme, of Pittsburg, Pa.,
who has referred to you as one who is familiar with his work.

For the information of the Board of Examiners and the Board of Directors will you kindly reply to the following inquiries:

Very truly yours,

Ralph W. Pope

Secretary.

For how long a period have you personally known the applicant?

About 12 years.

Kindly state instances within your personal knowledge of Electrical Engineering work; Or, of important original work of recognized value to electrical science, performed by the applicant, and your opinion of same

His work as electrical designer for the Westinghouse Elec. & Mfg. Co. is so varied that it is difficult to pick out any single item.

Among some of the more important may be mentioned electrical designs for the Manhattan Ry generators, largest yet built, for a very successful line of 60 cycle rotaries and for the single phase street railway motor.

Kindly give your opinion of the character, reputation and professional conduct of the applicant.

Unimpeachable - Unsurpassable - Ireproachable

P. M. Lincoln
