August 12, 1913.

Mr. F. L. Hutchinson,  
Secretary, A. I. E. E.,  
33 West 39th St., City.

Dear Mr. Hutchinson:-

I am forwarding herewith letter dated August 8th from Mr. H. P. Ridgely, Toronto, in reference to the maximum rupturing capacity of oil switches. This subject, it seems to me, comes more properly under the heading of the High Tension Transmission Committee than under the committee of which I am chairman.

Will you kindly, therefore, refer it to the chairman of that committee for suitable action? Possibly the Standardization Committee might be better authority on the subject.

Yours very truly,

*P. G. Bell*

Chairman, Committee on  
Prime Movers.

Encl.
