Mr. H. G. Stott,
Superintendent of Motive Power,
59th St., and 11th Ave.,
New York City.

Dear Mr. Stott:

I acknowledge with thanks receipt of your letter of the 21st inst., enclosing data regarding the power plants of the Interborough Rapid Transit Co., and the New York Railways Co. I shall be very glad to keep this data on file for reference by visitors and others who desire information regarding these plants.

I notice that admission to the plants is in each case to be by pass or by appointment and unless I hear from you to the contrary I shall understand that application for admission to any one of your plants must be made to your office at the 59th Street plant. If this is correct, no reply to this letter is necessary; if admission to the 74th and 79th Street plants can be obtained by direct application instead of through your 59th Street office, I shall be glad to be advised.

Very truly yours,

FLHg

Secretary
