Dear Mr. Suppers,

RE : IEEE MALAYSIA SECTION

I refer to your letter dated February 6, 1984 with regard to the dissolution of the Malaysian Section IEEE. I am indeed very surprised to note that no activity has been done since the year 1980.

As a member of the Institute for so many years, I feel that it is important for us to establish Malaysia Section and I am willing to take this responsibility if you wish to pursue this matter further. Perhaps, in the meantime, it might be logical for the Institute to appoint me as its Honorary Representative in Malaysia so that we can be in direct contact. When time permits and with the support of IEEE members in Malaysia, the registration of Malaysian Section could then be revived.

For your information, I am the President or the Representative of a number of Institutes in this country for which a list is attached herewith.

I note that a number of IEEE officials will be visiting Singapore in the third week of April. If your reply to this letter is a positive one, I am willing to meet them for further discussion.

With kind regards.

Yours sincerely,

DR. M.Z. MANAF

Dr. C.M. Ong,

Dear Dr. Ong,

Thank you for your letter of 11 Jan 78. Enclosed herewith is a copy of the requirements to establish an IEEE Section, a petition form, and a list of IEEE members in Malaysia.

Although it is normally necessary to have the petition signed by no fewer than fifty (50) members, in some cases a lesser number has been accepted by New York, depending on the future growth potential of the area.

When I established the Australian Section in 1972 all members were sent a circular letter informing them of the proposal to form a Section. At the bottom of the letter was a tear-off portion which could be filled in.

Besides the wording indicating the person's desire to form a Section, his full name, membership number, address, present occupation, name and address of employer, date, and signature were to be filled in.

When a satisfactory number of slips had been returned, I filled in the details on the petition form and attached all the slips to it as verification of the member's desire to form a Section.

I then sent a covering letter to New York to which the petition form and slips were attached and requested approval for the formation of an Australian Section.

This procedure has recently been successfully followed by members in Singapore, Thailand and South Africa. A Nigeria Section is at present awaiting formal approval. I recommend that you also follow the same procedure.

Region 10 is the fastest growing Region of IEEE, and each year a Regional Conference is held (generally in the S.E. Asia area) to enable all Section Chairmen to meet and discuss IEEE matters. The expenses of attending the conference are met out of Region 10 Funds.

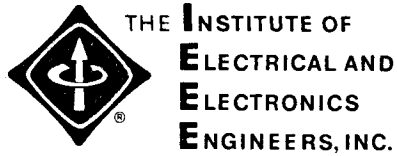

The Regional Conference this year is being held in Bombay, India from Sep 28 to 30.

I trust this information is sufficient to meet your requirements and wish you every success with the establishment of an IEEE Malaya Section.

Yours sincerely,

James J. Vasseleu

Subject: Approval Request to Change IEEE Malaysia Section AP/ED/MTT Joint Societies Chapter to IEEE
Malaysia Section ED/MTT/SSC Joint Societies Chapter

Dear Director Janina Mazierska, President Jennifer Bernhard, President Cor Claeys, President Jozef Modelski, and President Willy Sansen:

I received a request from Boon Eu Seon to change the IEEE Malaysia Section AP/ED/MTT Joint Societies Chapter to IEEE Malaysia Section ED/MTT/SSC Joint Societies Chapter. This request is approved by the Executive Committee of the Malaysia Section.

Rational for dropping the AP Society from Boon Eu Seon:

"I believe we do not have any AP member in our chapter anymore, I have the attendance record from the past chapter meeting, most of the member are from MTT, EDS, SSCS or CAS.

In Malaysia Section, there is another existing joint chapter "Antennas & Propagation / Microwave Theory & Techniques / Electromagnetic Compatibility", which is now located in KL (Kuala Lumpur), the disposition of the AP members of the current chapter or anyone who is interested in AP can also join this joint chapter."

If you have questions or concerns, you may contact Boon Eu Seon at boon.eu.seow@intel.com

Do we have your approval?

Best regards,

Joe Hale
