Denver Section

December, 1989

Chairman's Message

by Keith Henderson

As the holiday season is fast approaching, let the Denver Section be the first to extend you best wishes. On January 17, Jack Reesy and the new Denver Section Officers will be installed. Plan to join us for the festivities.

As you know, the Denver Section operates on a calendar year basis. Because the Chapters operate on an academic year basis, the Section Officers have the opportunity of working with two groups of Chapter Officers during the Section year. I want to thank the Chapter Officers, both personally and on behalf of the Denver Section, for their excellent work for IEEE.

As expected, during this past year, there have been personnel changes in the Section. Gordon Lee and Jim Gale moved out of state. Don Lindahl, Dennis Edwardson, and John Richards accepted positions. The strength and energy of the IEEE is the broad based participation.

Look at the improvements in the RockIEEE Overlook this year! Anita Wanberg continues to improve a truly professional newsletter. Gary Petersen's efforts have measurably contributed. The Publications Committee has done a fine job.

When considering Member Services, you cannot help but appreciate the efforts of John Tary on Conferences, and Bill Whipkey's efforts in Professional Activities. Look over the upcoming conference schedule in the January Overlook. The conferences promote the rocky Mountain Region. Additionally they provide income to the Section.

Look at the contributions of Don Cottrell's Student Activities Committee. Consider Don's participation in the Student Paper Contest, and Charlie Wright's efforts in awards and Student Branch activities. Who could have guessed the growth of the Science Olympiad. The Section's sponsorship and financial support has been important, but looking deeper, you see the efforts of Dan Michaels, Bill Whipkey, Bruce Sparks, and many other IEEE volunteers.

In our Programs Committee look at the contributions of Jack Reesy, Paul Meisel, P.K. Sen, and John Martin. Jack has really pulled double duty. Paul expertly assisted with the Chapter Officer transition. How about P.K. Sen's tutorials and Educational activities! Per clock work, John Martin again gave us an excellent Industry Executive Luncheon program.

We have had excellent reports by Jack Reesy and Tony Thomas. Herb Bass's assistance in Membership, was especially appreciated. We are also grateful for the encouragement and work of Past Chairmen Mike Foley and Mike Niehoff.

I've only touched on a few highlights of the year, but I hope the readers can see the tip of the iceberg. We sincerely thank all members who participated.

The IEEE Denver Section expresses its sincere appreciation to John Tierney at Public Service Company of Colorado for his effort in working with the Denver Section membership database.

Society Chapter Meetings and Information

EMC

Electromagnetic Compatibility

Wednesday, December 6, 1989

Ball Aerospace
7:00 p.m.

Speaker

Presentation and Demonstration by Wally Moffett

"Radiated Emissions"

Advance reservations are required so badges can be made.

Please contact Andy Anderson, 971-6422, or Bill Bryant, 977-6578, for further information and reservations.

Reliability

Social Meeting
Friday, December 15, 1989

Country Dinner Playhouse
6875 S. Clinton, Englewood CO
6:30 p.m.

Reservations required, please call Sam Keene,
(303) 924-7711

Joint AP/MTT/GRS

Antennas and Propagation, Microwave
Theory and Techniques, Geoscience and
Remote Sensing

Thursday, January 18, 1989

National Institute of Standards and Technology
325 Broadway, Boulder, Room 1103
4:00 - 5:00 p.m.

Speaker

Felix K. Schwering
U.S. Army Communications-Electronics Command
Fort Monmouth, NJ

Reservations are not required
For further information call John Dunn at 492-5487.

Please cancel your reservations if you are unable
to attend a meeting (including the Section meet-
ings). No-shows will be responsible for the cost (if
any) of dinner.

Educational Activities

by Pankaj K. Sen

Educational Products

To help you achieve a lifelong career of excellence, IEEE
has available a variety of professional, technical, and per-
sonal development programs.

A catalog is available by calling (201) 981-0060,
Educational Activities Department.

Power Systems & Machines Short Courses

Dr. Pankaj K. Sen, P.E.
Associate Professor

We are offering a series of one day, eight-hour short courses on topics in power systems and machines. The next course is:

Protection Coordination Design in Power Distribution Systems

Session One
Session Two

Friday, Dec. 15 - Denver
Friday, Jan. 5 - Fort Collins

Program cost: \$225 per participant. For two or more employees from same job site:
\$200 per participant. The cost includes registration, refreshments, lunch, and the
course manual.

To receive a the program brochure and registration form, contact **Arne Arnesen, CU-Denver Director of Corporate Programs at 893-8521.**
