REQUIREMENTS TO FORM A CHAPTER OF AN IEEE SOCIETY

A Chapter is a technical subunit of one or more Sections, or a Council, constituted by a minimum of twelve (12) members of a Society and established by petition to the parent unit(s) and Societies concerned to represent and fulfill the needs of the members and the missions of IEEE. A Chapter functions in a manner similar to that of a committee of the Section. In instances where Section territorial geography may warrant and Society member interests are sufficient to support multiple Chapters of a Society, additional Chapters, suitably identified, may be formed and operate under the current applicable procedures. (IEEE Bylaw 406.1).

A petition, signed by not less than twelve (12) Section members, above Student grade, who are members of the Society shall be submitted to the Section Executive Committee, via the Section Secretary, for approval. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

The petition shall specify:

- The name of the Section
- The name of the Society
- The name and address of the Chapter organizer

With the written approval of the Section Executive Committee, the petition shall be mailed to:

IEEE REGIONAL ACTIVITIES
Section/Chapter Support
445 Hoes Lane
P.O. Box 1331
Piscataway, NJ 08855-1331

Regional Activities staff will review the petition and work with the organizer to resolve any discrepancies. The Chapter shall be considered established after Regional Activities has ascertained that the Regional Director and the Society President(s) have no objections to the formation of the Chapter.

Following approval, the Section Chairman, the Chapter Organizer, the Regional Director and the President of the Society will be notified. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

TO FORM A JOINT CHAPTER COVERING TWO OR MORE SOCIETIES

The requirements are the same as for a single Society Chapter, with the following exception. Of the 12 signatures on the petition, not less than three shall be members of each of the Societies involved.

For example, a joint Microwave Theory & Techniques (MTT-17) and Antennas & Propagation (AP-03) Society Chapters might be formed with eight petitioners belonging to MTT-17 and four petitioners to AP-03. It is not required, though it may be useful, that Chapter members or officers maintain membership in both Societies. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

TO FORM A JOINT CHAPTER COVERING TWO OR MORE CONTIGUOUS SECTIONS

A petition must be signed by not less than twelve (12) members, other than Students, of the Sections involved, who are members of the Society or Societies, and submitted for approval by the pertinent Sections Executive Committees. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

The petition shall specify:

- The names of the Sections involved
- The name(s) of the Society or Societies
- The name and address of the Chapter Organizer
- The organizational unit (administrative parent Section) which shall be responsible for the Chapter management. In joint Chapters, administrative matters relate to the parent Section.

With the written approval of the entities involved, the petition shall be mailed to:

IEEE REGIONAL ACTIVITIES
Section/Chapter Support
445 Hoes Lane
P.O. Box 1331
Piscataway, New Jersey 08855-1331

The Joint Chapter shall be considered established after Regional Activities has ascertained that all entities involved have no objections to the formation of Chapter.

Following approval, the Sections and Societies involved, the Chapter organizer and the Regional Director will be notified. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

TO CHANGE THE STATUS OF AN EXISTING CHAPTER

The status of an existing Chapter may be changed from single to joint, or vice-versa, or from one joint combination to another without submission of a petition. The change in status will become effective following approval of the change by the Regional Director, the Society Presidents and the involved Section Executive Committee(s).

1. A written request, with full details on the proposed change in Chapter status, shall be submitted by the Section Executive Committee. This request should include the name and address of the Organizer of the restructured Chapter who will act as its Chairman, and be sent to:

IEEE REGIONAL ACTIVITIES
Section/Chapter Support
445 Hoes Lane
P.O. Box 1331
Piscataway, New Jersey 08855-1331

2. Action will be taken by Regional Activities staff to obtain approval of the change in status by those concerned.
3. When the necessary approvals have been received, the Section Chairman, the Chapter Organizer, the Regional Director and the Presidents of the Societies concerned will be notified.
4. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

Student signatures are not valid for this chapter petition form. Request a different form for forming a Student chapter.

REQUIREMENTS TO FORM A CHAPTER OF AN IEEE SOCIETY

A Chapter is a technical subunit of one or more Sections, or a Council, constituted by a minimum of twelve (12) members of a Society and established by petition to the parent unit(s) and Societies concerned to represent and fulfill the needs of the members and the missions of IEEE. A Chapter functions in a manner similar to that of a committee of the Section. In instances where Section territorial geography may warrant and Society member interests are sufficient to support multiple Chapters of a Society, additional Chapters, suitably identified, may be formed and operate under the current applicable procedures. (IEEE Bylaw 406.1).

A petition, signed by not less than twelve (12) Section members, above Student grade, who are members of the Society shall be submitted to the Section Executive Committee, via the Section Secretary, for approval. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

The petition shall specify:

- The name of the Section
- The name of the Society
- The name and address of the Chapter organizer

With the written approval of the Section Executive Committee, the petition shall be mailed to:

IEEE REGIONAL ACTIVITIES
Section/Chapter Support
445 Hoes Lane
P.O. Box 1331
Piscataway, NJ 08855-1331

Regional Activities staff will review the petition and work with the organizer to resolve any discrepancies. The Chapter shall be considered established after Regional Activities has ascertained that the Regional Director and the Society President(s) have no objections to the formation of the Chapter.

Following approval, the Section Chairman, the Chapter Organizer, the Regional Director and the President of the Society will be notified. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

TO FORM A JOINT CHAPTER COVERING TWO OR MORE SOCIETIES

The requirements are the same as for a single Society Chapter, with the following exception. Of the 12 signatures on the petition, not less than three shall be members of each of the Societies involved.

For example, a joint Microwave Theory & Techniques (MTT-17) and Antennas & Propagation (AP-03) Society Chapters might be formed with eight petitioners belonging to MTT-17 and four petitioners to AP-03. It is not required, though it may be useful, that Chapter members or officers maintain membership in both Societies. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

TO FORM A JOINT CHAPTER COVERING TWO OR MORE CONTIGUOUS SECTIONS

A petition must be signed by not less than twelve (12) members, other than Students, of the Sections involved, who are members of the Society or Societies, and submitted for approval by the pertinent Sections Executive Committees. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

The petition shall specify:

- The names of the Sections involved
- The name(s) of the Society or Societies
- The name and address of the Chapter Organizer
- The organizational unit (administrative parent Section) which shall be responsible for the Chapter management. In joint Chapters, administrative matters relate to the parent Section.

With the written approval of the entities involved, the petition shall be mailed to:
