

interCOM

COMPOSED, EDITED, AND PRINTED BY AND FOR THE EMPLOYEES OF IEEE

EDITORIAL

With the September issue, we hope to resume publication of INTERCOM on a regular basis. We are hoping that some of our readers will take an active interest by becoming members of our regular staff. Anyone wishing to do so should contact Rudy Spatarella, printing, Ext. 293. We will also welcome any contributions by non-staff members.

NEW IN THIS ISSUE

Are you looking for an apartment in a particular neighborhood? Do you have an apartment for rent? Would you like to join a car pool for commuting to work? Have you something for sale?

Make use of our wanted column in Intercom. You may be pleasantly surprised at the response. Take a look at our wanted column now, and send your ad to THE EDITOR, INTERCOM.

IEEE MOURNS ITS LOSS

Many employees of IEEE were deeply shocked and saddened by the death of Richard Evans, who was supervisor of the shipping department. Dick had been ill for several months, yet it was believed he would return soon, as his condition had recently improved. But he was suddenly stricken and died on September 4.

Most of us will remember Dick Evans for his love of life, his lively conversation, and his friendly manner. He was a great companion to those who knew him well. We miss him sorely but his memory will make us smile.

FEATURE

AWARDS BOARD

The Awards Board, one of the standing Institute Committees reporting directly to the Board of Directors, administers the awards activities of the IEEE. It has the important and very pleasant duty of recognizing the achievements of outstanding engineers in the field of electrical and electronics engineering. This tremendous responsibility is assigned to seven committees reporting to the Awards Board and these committees recommend candidates for final approval by the Board of Directors.

There are a Medal of Honor and four Major Annual Awards: Edison Medal, Founders Award, Lamme Medal, and Education Medal. The selection of a recipient for the Medal of Honor (which is not awarded annually) is the sole responsibility of the entire Awards Board: The recommendations of candidates for the four Major Awards is the responsibility of the committees appointed for each of these awards.

The Field Awards Committee recommends candidates for seven awards: Harry Diamond Memorial Prize Award, William M. Habirshaw Award, Mervin J. Kelly Award, Morris E. Leeds

Award, Morris N. Liebmann Memorial Prize Award, David Sarnoff Award and Vladimir K. Zworykin Prize Award; the Prize Papers Committee recommends candidates for the W. R. G. Baker Prize Award, the Browder J. Thompson Memorial Prize Award and the Institute Student Prize Award; and the Scholarship Committee recommends candidates for the Volta Scholarship and the Fortescue Fellowship.

At Headquarters, Una B. Lennon, who was appointed Staff Secretary of the Awards Board upon the retirement of Mrs. Landres in April, and Miss Maureen P. Hoy, who joined IEEE on June 22, serve the committees in every way possible. They prepare copies of the nominations received for each of the above awards and these are circulated to the respective committees for review. The preparation of the dossiers for each committee entails a considerable amount of paper work, but it is interesting to note the amazing accomplishments of the candidates and their outstanding contributions to the profession. In addition to the preparation of the dossiers, they are responsible for attendance at the meetings of the Awards Board and its committees, preparation of the Minutes, preparation of the brochures, presentation of the awards at the appointed time and place and service to the Institute members in connection with the awards when requested. Their main endeavor is to lighten the work of the members serving on the committees who take time out of their busy schedules to serve the Institute in honoring outstanding engineers.

Una B. Lennon

INTER-OFFICE MEMO

SALLY ANDERSON RETIRES

Sally Anderson of the Coding Department retired on August 30, Sally started out with the AIEE in February, 1960, and became, after the merger, Assistant Supervisor of the Coding Dept. This position will now be filled by Joan Naughton.

DON MADEYA DOMESTICATED

Don Madeya, a new member of the Shipping Dept., was married last Friday, September 3, to Anita Surino. Don is a brother of Joe Madeya of the Mail Dept.

T. A. B.

BARBARA LAWLEY VISITS

The tenth floor had a humdinger of a surprise the other afternoon when Barbara Lawley paid us a visit with her new baby girl. Carol Ann is the little lady's name and she is now three months old. We haven't a snapshot available, but if you can picture a pair of the biggest blue eyes, a wisp of blond hair, and the cutest dimple a chin could ever find, that's Carol Ann.

NEW IEEE PEOPLE

We would like to welcome to the IEEE staff:

Maureen Hoy	Awards
Arquelio Semidey	Mail Room
Susan Panzei	Research
Peggy Reith	Research
Eileen Smith	Research
Don Madeya	Shipping
Pierre M. Armand	Shipping

FAREWELL

We hereby extend our best wishes to the following people who have recently left IEEE.

Sally Anderson	Coding
Tom Miller	Mailing
Lionel Lorenzo	Mailing
Michel Armand	Printing

THE GOURMET

What is the mainstay of the cook with elegant taste -- and a less than elegant pocketbook? Chicken, of course! This month, a second chicken masterpiece, fit for the regal royalty you know. What, you know no royalty? Nothing lost -- it's even fit for the king or queen of your heart.

CHICKEN VERONIQUE
(Chicken with Green Grapes)

- 1 broiler-fryer, 3-4 pounds, quartered
- ¼ cup salad oil
- ¼ cup unsifted all-purpose flour
- 1¾ teaspoons salt
- ¾ teaspoon dried rosemary leaves
- ½ teaspoon poultry seasoning
- ¼ teaspoon black pepper
- ¼ teaspoon dried thyme leaves
- 1 clove garlic, crushed
- 1 bay leaf, crushed
- 1¼ cups canned clear chicken broth
- ½ cup chablis
- 3 cups seedless green grapes, halved (about 1½ pounds)
- Watercress sprigs, garnish

Wipe chicken with damp paper towels. In hot oil in large heavy skillet, brown chicken on all sides. Remove chicken and set aside. Take skillet off heat; stir in flour, salt, rosemary,

poultry seasoning, pepper, thyme, garlic, bay leaf, chicken broth, wine, and 1 cup grapes. Bring just to boiling, stirring. Add browned chicken; reduce heat and simmer, covered, until chicken is tender -- about 45 minutes; turn occasionally. Then, with slotted spoon, lift out grapes and discard. Add remaining 2 cups of grapes; heat 5 minutes longer. Serve chicken with sauce poured over it. If your skillet is of the Corningware type, you may serve in it, as it comes off the heat. Garnish with watercress. Makes 2-3 servings, depending on appetites.

For an especially gracious meal: with Chicken Veronique, provide one fresh artichoke for each person with individual cups melted lemon butter, and dinner rolls of the refrigerated-tube variety.

To serve 4-6, provide two 2½-pound chickens. The rest of the ingredients remain the same.

Teetotallers may replace ½ cup chablis with an equal amount more chicken broth. A touch of tartness is lost, but 'tis still a worthy dish!

Gourmets of the opposite persuasion may serve the remainder of the bottle of chablis, chilled, to sip during the meal.

A nice poem, too good to pass up was written by Madeline Kane, daughter of Madeline Kane of the E&I Dept.

The Greatest Gift

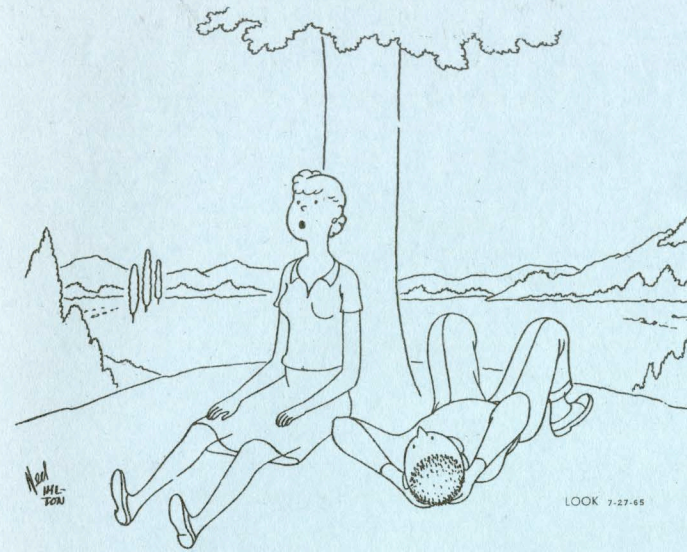

*I am a gift —
the greatest gift of all gifts.
From love and care have I been
freely given.*

*I grow rapidly in goodness and love,
slowly in evil and misery.
I grow and give myself to others
to watch myself be given again,
and again, and again.
I am priceless, measureless,
ceaseless.*

*I crown centuries with my strength;
I leave history in my path.
I go on with the ignorant and wise;
I go on through pestilence, grief, fear
to be stopped only when my Giver pleases.*

*I am what I am made to be.
I am fruitful for some,
wasteful for others,
and meaningless for countless more.*

*I am a gift —
the greatest of all gifts,
freely given
to be given in return.
I am life.*

"How can I enjoy this vacation? I keep thinking of my boss messing up the files looking for something."

JUST A REMINDER

HOLIDAY NOTE

The IEEE offices will be closed on Tuesday, October 12, in observance of Columbus Day.

WANTED

To Sublet

Studio Apt. with air-conditioning...gas free...private...2 entrances one on courtyard...modern bldg...lovely neighborhood in Jackson Hts...convenient to bus and subway...shopping centers closeby. Contact Cathy Jennings. X 619 or 620.

To buy a bird dog (no dog with wings acceptable). Breeding an important factor. Setter, Pointer or Labrador Retriever, or German Short Hair fine. 1 year old or less if untrained, older OK if trained for hunting. Call X 293, Mr. Hunter.

Wishing Well

Get well wishes to Emily Miceli, Treasury Dept. Supervisor, who is at present on sick leave.

To Lavinia Svec, Treasury Dept., the best of health upon her return to work on September 1.

Elizabeth Escala, Sections, who has been on sick leave, will return soon.

Happy Birthday

IEEE Sports

BASEBALL

At the end of the softball season, these were the final statistics accumulated by the IEEE Bucks.

1. League standings showed the IEEE Bucks to have been in first place reading upward.
2. We had the most consistent team in the league.
3. One man physically hurt.
4. Nine men with hurt feelings.
5. Errors galore.
6. It was great fun. Sometimes.
7. Tony Canarozzi led the team with 4 home runs.

Top five averages for 25 or more times at bat.

INVEST IN THE BLOOD BANK

The U.E.C. Employees Blood Bank, division of the American Red Cross Blood Bank, will be set up outside the computer room on the first floor, on Wednesday, September 29, from 11 a.m. to 5 p.m. Employees of the IEEE are urged to donate.

Almost anyone in good health may donate blood. The process is painless, harmless, and takes only about one hour, including a medical screening of each donor checking temperature, pulse, blood pressure, and hemoglobin. And your body replenishes the amount of your donation in just about 24 hours.

The giving of blood is in fact a personal investment: As long as you are employed with the United Engineering Center, you are eligible to receive blood from its bank whether you give or not; but you may receive the *equivalent of your donation free* for yourself or for a loved one throughout your life. You receive a wallet certificate stating your blood type and a record of your donations. This is indeed a valuable savings account -- it can save your life.

Fill out the enclosed application to the U.E.C. Employees Bank, and return it to the representative on your floor by Monday, September 27.

16th Floor.....M. Sosa
15th Floor.....A. Ferrero
11th Floor.....P. Penick
10th Floor.....Mrs. A. O'Shea
9th Floor.....L. Kent
Main Lobby (Computer Area)V. Neira
Warehouse.....P. Sauerhoefer

Mr. W. Braun is coordinator of this group, and head of the IEEE Blood Drive.
