Subject: RE: IEEE Dayton Section - Consultants Network Affinity Group

Sorry to have not responded sooner. I have had a series of meetings out of the office and wanted to research this. You may recall that there were a number of early CNs who were made affinity groups. Bill Anderson was in charge of the AICN during this period. As you may know he died in 1998 and much of his records are no longer available. If they are referencing Bill Anderson as having signed off on it then I have to believe that they probably were an affinity group. I do know they have been operating as a CN since about 1995 or 1996.
