SUBJECT PETITION - IEEE NORWAY SECTION

The IEEE Bylaws Section 403.4 provides that "A petition for the formation of a Section shall be signed by not fewer than fifty members other than Students, having mailing addresses within the territorial limits proposed in the petition. Under special circumstances the Executive Committee may consider petitions bearing fewer than fifty signatures. The territorial limits of the proposed Section shall be specifically delineated in the petition. The petition shall also list the concurring and non-concurring Sections that are involved in the territory concerned."

We have received a petition requesting approval to form an IEEE Section in Norway, to be known as the Norway Section, to encompass the entire country of Norway. The petition contains the signatures of eleven members above Student grade, with mailing addresses in Norway.

Attached are Director Rinia's comments with regard to this petition.

The Executive Committee is requested to consider whether this petition, bearing fewer than fifty signatures, can be approved.

Subject: Formation of an IEEE Section Norway

Gentlemen,

In accordance with the "Manual for IRE Sections" dated December 1959 we wish to formally apply for the formation of an IEEE Section Norway.

Operating on the assumption that the "Manual for IRE Sections" is still valid concerning the formation of new sections, we have prepared the attached petition (one signed original, two copies) following the sample petition included in the manual. A total of eleven, all members of the IRE parent branch of the IEEE, have signed the petition which indicates Norway as the territory of the section to be named "IEEE Section Norway". As required, the petition also indicates that we will abide by the Constitution for Sections if approved by the Board of Directors.

If there are any further formalities or forms which we must execute, we should be glad to carry out whatever is required.

Sincerely yours

M. Michael Brady, Member
Research Engineer
