Dear Sir :

Enclosed are the petition form and slips with petitions' signatures as verification of their desire to form an IEEE Thailand Section.

Statistically, in April 1977, there are 45 resident Institute members of grade M or higher. I have 26 signatures, a pure score, which may be divided into 2 halves as follow

10 members or 10/22 app. 45% from members #0000000 to #5999999
and 16 " " 16/23 " 70% " " #6000000 to #7-----

added to a total of 26 members or 26/45 app. 58%.

As to IEEE's law, it is clear that any petition for organization of a Section there must be not fewer than 50 petitioners from resident members of grade M or higher. But in this case of IEEE Thailand Section, I trust it is different and therefore request for further consideration. Because this learned society have practical utility to all electrical and electronics engineers in Thailand.

In Thailand, we only have a small number of resident IEEE members and the past growth rate was rather slow. Firstly, more importantly, it is the lack of local IEEE facilities that caused many EEs ignored Institute membership though many of the over-sea educated engineers were once an active member. Consequently, the establishment of a Section will most probably bring back many also attract many more new members. Secondly, by the fact of not having any publicity that most of the local engineers do not know of IEEE, thus they do not have the opportunity to join IEEE, in spite that they professionally belong to the Institution. However, on a general survey, many many EEs showed extreme interest in the Institute and promised to apply for membership as soon as the IEEE Thailand Section is formally established. It is not to be doubted that the number of IEEE members in Thailand will be increasing rapidly, I optimistically expect it to be doubled in a very short period of time.

With all the facts mentioned above; after long delaying and many argumentations; I therefore decide to submit the petition and request approval for the formation of an IEEE Thailand Section. It is that we just cannot wait and let things take place on a natural process, an action must be taken to give effect on the activity that should be done, no matter how the difficulties are there to prevent us. Because, we have the responsibility to our society, in this case a responsibility to create more conducive environment to educate interested electrical and electronics engineers in the basic aspects of their particular field of interest. So, the formation of an IEEE Thailand Section would be very much beneficial both for the Institute herself and the members as well. Most of all, in a long term point of

Country Code 161

43 H.S. members

cont.

view, this is a basic foundation prepared for the younger generation of our engineers, a scientific literary and educational society.

Under these circumstances, the organization of an IEEE Thailand Section will depend entirely on the generosity of Institute Committee, willing to give local electrical and electronics engineers an opportunity to grow with this learned society. We may all have no alternatives but to wait for your favorably consideration and I sincerely wish all for the best.

Thank you for your attention.

Very truly yours,

Dear Mr. Chengpiphat:

We are pleased to advise that the Regional Activities Board, on November 3, 1977 approved the establishment of the Kingdom of Thailand Section with territory to encompass the following:

The Kingdom of Thailand

We are recording you as the Interim Chairman until an election has been held and the officers can be reported to IEEE on the enclosed officer reporting form. If we can assist in any way in planning the Section activities, please let us know.

The IEEE Bylaws provide that each new Section, within six months of establishment, shall adopt Section Bylaws to be submitted to the Regional Director for his approval, with copy simultaneously forwarded to IEEE Headquarters for our records. Enclosed is a Sample Section Bylaw which may be used as a guide in the preparation of your Bylaws.

Our Best Wishes for the successful operation of the new Section.

TO CHANGE THE STATUS OF AN EXISTING CHAPTER

The status of an existing Chapter may be changed from single to joint, or vice-versa, or from one joint combination to another without submission of a petition. The change in status will become effective following approval of the change by the Regional Director, the Society Presidents and the involved Section Executive Committee(s).

1. A written request, with full details on the proposed change in Chapter status, shall be submitted by the Section Executive Committee. This request should include the name and address of the Organizer of the restructured Chapter who will act as its Chairman, and be sent to:

TO CHANGE THE STATUS OF AN EXISTING CHAPTER

The status of an existing Chapter may be changed from single to joint, or vice-versa, or from one joint combination to another without submission of a petition. The change in status will become effective following approval of the change by the Regional Director, the Society Presidents and the involved Section Executive Committee(s).

1. A written request, with full details on the proposed change in Chapter status, shall be submitted by the Section Executive Committee. This request should include the name and address of the Organizer of the restructured Chapter who will act as its Chairman, and be sent to:

IEEE REGIONAL ACTIVITIES
Section/Chapter Support
445 Hoes Lane
P.O. Box 1331
Piscataway, New Jersey 08855-1331
ATTN: Peggy Walsh

2. Action will be taken by Regional Activities staff to obtain approval of the change in status by those concerned.
3. When the necessary approvals have been received, the Section Chairman, the Chapter Organizer, the Regional Director and the Presidents of the Societies concerned will be notified.
4. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.
