

Region 3; R3; Southeastern USA
R30025 Huntsville Section

(Pre red format; deviations should cover all principal points.
Final reports and records should be kept on file for five years.)

IEEE CONFERENCE REPORT

This report should be prepared in duplicate by the Conference Chairman or his delegate within 90 days after the conference and the original forwarded to Conferences office, IEEE Headquarters, 345 East 47th Street, New York, N. Y., 10017. Chairman may retain the duplicate copy. The report should be accompanied by a financial report (audited, if final), a copy of the conference program, and a roster of conference registrants.

A. CONFERENCE BACKGROUND

Name of Conference: 8th Annual (1969) IEEE Region 3 Convention

Location (Hotel and City): 

Dates: 19-21 Nov 1969 

IEEE Sponsors Region 3 - Huntsville Section
State Section, Group, Region, etc.

Non IEEE Sponsors: None

Other Participating Organizations: None

Conference Chairman:

Name Grover F. Daussman, P. E.

Person preparing report, if not chairman:

Name _____

Address _____

Bus. Tel. _____

*See note on following page 1a.

B. TECHNICAL PROGRAM

Technical Program Chairman:

Name: Dr. John P. Hallows, Jr., P. E.

Huntsville, Alabama 35802

NOTE:

In accordance with the IEEE Policy in effect at the time when registration fees were first announced, members of ASTM, ASCE, AIME, ASME, AWWA, ASEE, ASHARE, AICHE, SAME, AIIE, ASAE, and ASM were registered as members and are included in the attendance shown for members. The Registration Subcommittee failed to identify members of IEEE separately. However, a check of registration forms with the 1970 IEEE Membership Directory shows that 259 of the registered members were members of IEEE.

Technical Theme or subject matter of program: Engineering for the 70's

No. papers or abstracts submitted 93* No. papers presented 75*

No. of technical sessions 13 Total attendance at technical sessions *

Type of Conference Record X Digest Transactions Supplement
Publication: Preprints Papers supplied by authors Other None

IEEE Catalog Number 69C46 Copyrighted by IEEE Yes Others

No. printed: 750 No. included in registration: 198* Other distribution: *

Selling price of publication at conference: Members * Non-Members *

Post conference prices: Members \$10 Non-Members \$13

Number and sales price to libraries: None Dealers: None

Give details:

Was publication included in registration fee? No Total registration fee *

Account to be credited with post conference publications sales:

Huntsville Section, IEEE

Comments by Technical Program Chairman regarding number and quality of papers submitted and presented, reaction of attendees, discussion, trends relative to past conferences and suggestions for improvement:

No comments

*See notes on following page 2a

1. There were 93 abstracts received for consideration as papers. This number is exclusive of the five or six reported by the Technical Program Chairman as being developed by Dr. Updike, University of Virginia for the Biomedical session. Additionally there were 10 abstracts received after the deadline date of 2 June 1969.

2. There were 75 papers scheduled for presentation, although it is understood that not all papers were presented. Total attendance at technical sessions is not known.

3. The selling price of the publications at conference was:

Registered Members	\$5
" Nonmembers	\$8
Nonregistered Members	\$10
" Nonmembers	\$13

4. The registration fees were:

All students	\$2
All Authors	\$5
Preregistered members	\$5
Conference-registered Members	\$7
Preregistered Nonmembers	\$10
Conference-registered Nonmembers	\$12

5. The Publications Committee Chairman has indicated that 198 publications were included in the registration. Registration Committee records show 195. The Publications Committee Chairman has advised that 494 publications were sent to IEEE Headquarters. Neither the Publications Committee Chairman nor the Finance Committee Chairman can account for the difference between the number of publications printed and the number distributed.

C. EXHIBITION
(Fill in only if an exhibition was held)

Exhibits Committee Chairman:

Name: Dr. Robert A. Brown

Identify type of Exhibition: Industrial X ; Academic _____ ;

Agencies X ; Student _____ ; Others _____ ;

Theme of Exhibition: Engineering for the Seventies

Number of exhibitors 10 Price per booth \$300 Approximate total square foot-
age 1200 List the principal products and services exhibited: Computers,

instrumentation, and fabrication

Estimated
Attendance at Exhibition by days: (1) 300 (2) 150 (3) 100 (4) --

(5) -- Estimated Total 550

Reaction of exhibitors as estimated by Exhibits Committee Chairman: _____

Well pleased; free coffee and subsidized cocktail party enhanced floor
traffic

Comments by Exhibits Committee Chairman regarding quality and utility of ex-
hibition to attendees, trends relative to prior years, and suggestions for in-
coming Exhibits Committee Chairman: There seems to be increasing resistance
to exhibiting. An early start is less important than getting information into
the hands of the right decision maker -- use your contacts. Example of
brochure and a contract are attached Eight "sponsors" were also obtained
at \$100 each.

D. FINANCIAL SUMMARY

Please complete the attached financial report form if information is available; if financial report cannot be completed, supply information based on best estimate by Finance Chairman

Does the conference chairman consider the conference a financial success? Yes

Were receipts generally within budget? No

Were disbursements generally within budget? No

If there were any major deviations, give reasons in opinion of Finance Chairman.

Major deviations were:

(1) Budgeted attendance of 570 versus actual attendance of 416

(2) Of 750 copies of Proceedings procured, only about 200 were sold at the
Convention

(3) Budget income from exhibits was \$4,800 versus actual income of \$3,059.

In the opinion of the Finance Chairman, these deviations were due to a downward
economic trend greater than expected.

General comment on budget planning and trends for guidance of incoming Finance Chairman:

General business trends should be carefully studied before exhibit
income is budgeted. Lack of exhibitors can leave a large hole in the budget.

Publication expense can exceed expectations thru publicity costs as well
as Proceedings printing costs. These expenses become fixed early in the planning,
and cannot easily be reduced. The Proceedings were sold below cost, at the Con-
vention; even so, only 200 copies were sold. I would recommend a higher selling
price than the \$5 charged at this Convention. / Finance Chairman:

E. SUMMARY

The conference chairman or his delegate is asked to give a brief summary of his general impression of the successes and shortcomings of the conference. He should: (1) emphasize how coverage can be improved to better further IEEE's objectives; (2) comment on whether or not the conference is gaining or losing support of members and exhibitors in relation to prior years; and give an estimate of future trends of the conference plus suggestions for improvement. In spite of many problems, the Conference Chairman considers the Convention a success. Financially, it is anticipated that when reimbursement is received from IEEE Headquarters for publications and IEEE Headquarters is paid for mailing lists, the Convention will have realized a surplus of \$400-\$500 or about 5 per cent of total receipts. This has been managed with an operating capital of only \$700 or a return of more than 50 percent on the capital outlay. If the Conference Committee had been better able to estimate receipts and expenditures it may have been able to do without the solicitation of support from sponsors when it appeared that income was not going to be as great as expected. It is difficult to see how coverage could have been improved to better further IEEE's objectives. The Technical Program appeared to be excellent. Perhaps some assessment of the Region 3 membership to determine what they need or want would be in order. One problem in a regional convention is that because of the diversified technical interests in the Region it is difficult to plan a program of interest to all IEEE members in the Region. Perhaps emphasis should be given to supporting more but smaller conferences or symposia throughout the Region on specialized technical disciplines in cooperation with the Professional Groups. It would seem that the conference lost some support of members and exhibitors this year because of the economic slump nationally but especially locally in connection with Government programs. Neither could Huntsville be expected to compete with the resort environment of Cocoa Beach, or New Orleans. The timing with respect to the academic year may also have had an adverse effect.

Finally, if Regional Conventions are to be continued I would suggest that a Convention Sub-committee be established within the Regional Executive Committee, to be alternated over periods of two or three years, so that Subcommittee members may pass on to their successors their experience and new members of the Subcommittee may serve some sort of apprenticeship before taking charge of a Convention. The problems of running a Convention are many and varied and it is hardly practical to discuss them all in a summary such as this. Many of our problems stem from not paying closer attention to the IEEE material on "Organizing a Conference." Yet there is much finesse which can best be understood with actual experience.

Date 22 June 1970

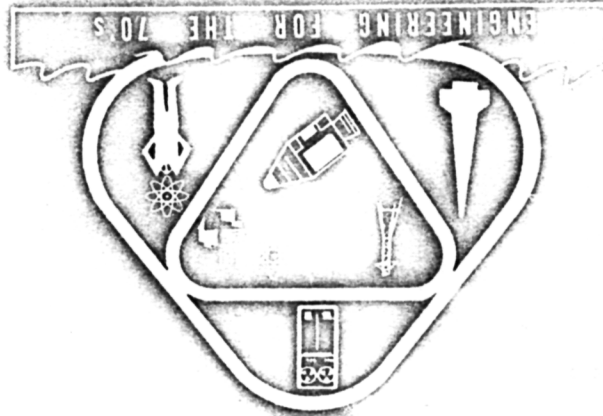

Signature Groce F. Dausman

NOVEMBER 19, 20, 21, 1969
HUNTSVILLE, ALABAMA

REGISTRATION

Tuesday, November 18
Wednesday, November 19
Thursday, November 20
Friday, November 21

4:00 p.m. to 9:00 p.m.
7:30 a.m. to 9:00 p.m.
7:30 a.m. to 9:00 p.m.
7:30 a.m. to 12:00 noon

Session I-A "DIGITAL FILTERS"

Wednesday, November 19, 1969
9:00 - 12:00

Session Chairman: Chester C. Carroll
Auburn University
Session Organizer: Chester C. Carroll
Auburn University

"Quantization Error Bounds for Systems with Digital Filters"

H. T. Nagle, Jr., U. S. Army Missile Command

"Effects of Programming Forms on Word-Length Requirements for Digital Filters"

C. L. Phillips, Auburn University
John C. Johnson

"A Time-Shared Digital Filter Realization"

J. W. Jones, Jr., General Dynamics - Fort Worth

"Design of a Real-Time Programmable Digital Filter"

B. J. Doran, Marshall Space Flight Center

"Digital Controller for Large Flexible Booster Based on Bilinear Z-Transformation"

B. T. Bailey, Sperry Rand Corporation - Huntsville
Willie L. McDaniel, Jr., Mississippi State University

NOTE: First Authors listed will make the Presentations.

Session I-B "BIO-MEDICAL"

Wednesday, November 19, 1969
9:00 - 12:00

Session Chairman: Otis L. Updike
University of Virginia
Session Organizer: Otis L. Updike
University of Virginia

"Stimulus of Biological Application and the Electronics Engineer's Response"

O. L. Updike, University of Virginia
Michael L. McCartney

"Regulation and Control of Cardiac Assist Devices and Artificial Hearts"

Jacob Kline, University of Miami

"Application of Thermal-Electronic Instrumentation to Biological Flows"

Edwin M. Wilson, University of Alabama Medical Center Birmingham

"A Detector for Water Vapor Content in Respiratory Gases"

A. Wayne Bennett, Virginia Polytechnic Institute
O. L. Updike, University of Virginia and
T. J. Luck, Virginia Polytechnic Institute

"Characteristics of the Spatio-Temporal Visual Evoked Response in Man"

J. R. Bourne, University of Florida
D. G. Childers and N. W. Perry, Jr.

"Low Frequency Activity in the Visual Evoked Response Signal or Noise"

D. G. Childers, University of Florida
C. Kirksey, T. C. Doyle and N. W. Perry, Jr.

"Microscopy and the Engineer"

Seymour West, University of Alabama Medical Center - Birmingham

Session II-A
"COMPUTERS-TECHNOLOGY AND APPLICATION"

Wednesday, November 19, 1969
1:30 - 4:30

Session Chairman: Glenn E. Yingling
IBM, Huntsville
Session Organizer: F. H. Mitchell
General Research Corp.

"Digital Circuit Design for the 70's"

J. W. Lathrop, Clemson University

"Multifunction Logic Devices and their Utilization in Self-Organizing and Self-Repairing Systems"

E. W. Page, Research Triangle Institute
P. N. Marinos, Duke University

"A Path Connection Algorithm for Multilayer Boards"

Sam Heiss, RCA - West Palm Beach

"Concept Formulation as a Basis for Pattern Recognition"

R. W. Snelsire, Clemson University

"A General Purpose Fortran Program for Estimation Control and Simulation"

T. E. Bullock, University of Florida
C. E. Fosha, Jr., United States Air Force Academy

"Application of Fuzzy Logic to Analog and Hybrid (Digital-Analog) Systems"

P. N. Marinos, Duke University

Session II-B
"CIRCUITS AND COMPONENTS"

Wednesday, November 19, 1969
1:30 - 4:30

Session Chairman: Raymond C. Watson, Jr.
Brown Engineering
A Teledyne Company
Huntsville, Alabama

Session Organizer: Raymond C. Watson, Jr.
Brown Engineering
A Teledyne Company
Huntsville, Alabama

"On Equation Formulation for Nonlinear Networks"

H. F. Van Landingham, Virginia Polytechnic Institute

"The Effects of Neutron Damage on Unijunction Transistors in Silicon Control Rectifiers"

V. W. Ruwe, U. S. Army Missile Command

"Computer Applications in an Electrical Engineering Curriculum"

M. D. Campbell, University of Alabama - Tuscaloosa
R. C. Houts and E. A. Reinhard

"Electrical Circuit Representations of Molecular Relaxation Processes"

T. J. Bhattacharyya, University of Kentucky
H. A. Bosher and P. K. Kadaba

"Parameter Interrelationships for Three Large-Signal Bipolar Transistor Circuit Models"

J. T. May, University of Tennessee - Knoxville
J. F. Pierce

Session II-C
"CURRENT ISSUES IN PROJECT MANAGEMENT"

Wednesday, November 19, 1969
2:15 - 5:15

Session Chairman: Lee B. James
Marshall Space Flight Center

Session Organizer: W. V. Gudaitis
U. S. Army Missile Command

"The Engineer in Management"

J. D. Creel, American Telephone and Telegraph Company - New York

"Building the Project Team"

Frank J. Jasinski, TRW Systems - Redondo Beach, California

"Lessons Learned in Management Information Systems"

C. E. Andressen, Marshall Space Flight Center

"The Role of Authority in Project Management"

LTC F. A. Stickney, Wright Patterson Air Force Base
D. I. Cleland, University of Pittsburgh

"Modeling the Organization"

R. A. Brown, University of Alabama, Huntsville

"Evaluating the Project Management Organization"

D. I. Cleland, University of Pittsburgh

Session III-A
"SYSTEMS ENGINEERING"

Thursday, November 20, 1969
9:00 - 12:00

Session Chairman: John P. Chassian
General Electric Company
Syracuse, New York

Session Organizer: H. Glynn Woods
U. S. Army Missile Command

"Effectiveness with Time Sharing Systems"

Harvey Haskew, General Electric Company - Huntsville, Alabama

"Combined Problem of Filtering and Optimization with Cross-Correlated Noise"

Narendra P. Dwivedi, TRW Systems - Houston, Texas
Joseph S. Boland, II, Auburn University

"The Aggregate Transfer Function for Large Scale Linear Stochastic Systems"

Paul P. Wang, Duke University

"A Model for Evaluating Information Management Systems for Long Duration Space Station Missions"

W. H. McCumber, Jr., IBM - Huntsville, Alabama
E. F. Smith, Jr.

"Application of the Fast Fourier Transform to Process Identification"

Wade E. Butcher, Vanderbilt University
G. E. Cook

"Parameter Plane Techniques Applied to Tactical Missile Control System Design"

Sherman M. Seltzer, Lockheed Missile and Space Company
Sunnyvale, California

Session IV-A
"DATA TRANSMISSION"

Thursday, November 20, 1969
1:30 - 4:30

Session Chairman: Robert R. Parker
Brown Engineering
A Teledyne Company
Huntsville, Alabama

Session Organizer: Raymond C. Watson, Jr.
Brown Engineering
A Teledyne Company
Huntsville, Alabama

"Novel Modulation Means Open Wide Spectrum Air Link Communications in Unused Frequency Range"

Joseph Vogelman, Chromalloy American Corporation - New York
Ira Kamen, Laser Link Corporation

"A Class of Time Domain Models which Approximate the Parallel Transmission Line of Finite Length"

Thomas L. Drake, Clemson University

"Automation of Base Record Communications"

John B. Cicchetti, MITRE Corporation

"A Multipurpose Biomedical Telemetry System"

A. Wayne Bennett, Virginia Polytechnic Institute

TECHNICAL TOURS AND SPECIAL FUNCTIONS

Several interesting tours, and a number of special functions have been arranged for your enjoyment and education.

Wednesday

A tour of Redstone Arsenal is set for Wednesday morning, November 19, with the ladies invited. The tour will be conducted by a special touring bus leaving from the Sheraton at 9:00 a.m. and returning at noon. The tour will take in NASA's Marshall Space Flight Center and the U. S. Army Missile Command. The following special points of interest will be included:

- Space Museum
- NASA's Neutral Buoyancy Laboratory
- NASA's Orbital Workshop
- Saturn Test Stands (with a test in progress)
- Army Weapons Display

A luncheon will be held at the Sheraton Motor Inn, Wednesday from 12:15 to 1:30 p.m. between the morning and afternoon technical sessions. Guest speaker is expected to be an astronaut.

A cocktail party for convention delegates and their guests will begin at 5:00 p.m. Wednesday at the Sheraton Motor Inn. This event will be held in the exhibit area and will be an excellent opportunity to visit the exhibits and to get acquainted with your fellow engineers.

At 6:00 p.m. Wednesday buses will take guests from the Inn to the Plantation Dinner Theatre for a buffet meal and entertainment. The theatre is located on a wooded hillside overlooking Huntsville. Professional actors who tour dinner theatres throughout the country will perform one of their plays.

Thursday

On Thursday morning a tour of the Astrionics and Computation Laboratories at the Marshall Space Flight Center will be conducted. The tour will be technically oriented. Of special interest will be:

- Micro-Electronics Facilities
- Laser Projects
- Apollo Telescope Mount Simulator
- Communication Facilities
- Antenna Range
- Computer Complex

On Thursday afternoon a visit is scheduled to the Browns Ferry nuclear power plant. Browns Ferry, TVA's first nuclear plant is being built near Huntsville on the Tennessee River. With 3,456,000 kilowatts capacity in three units, it will be the largest steam plant in the world.

A cocktail party will be held from 6:00 p.m. till 7:00 p.m. in the lobby of the Sheraton. This party precedes the convention banquet, starting at 7:00 Thursday night. A prominent speaker will be featured.

Friday

Automatic Electric Company, which is a subsidiary of General Telephone and Electronics, will host a tour of their new Huntsville facility Friday morning, November 21. This plant was opened for business January 13, 1969, and uses the latest high volume production techniques for fabrication of telephone instruments.

The tour will include their machine shops; assembly lines; engineering laboratories for new product design and development; quality assurance and process engineering laboratories and environmental laboratory. The environmental laboratory is used for testing their telephone instruments for use in world wide environments.

The final organized event of the convention is the Topics Lunch, held from 12:15 to 1:30 on Friday.

LADIES' PROGRAM

Wednesday, November 19

Come and enjoy coffee at 8:30 a.m. in the Hospitality Room of the Sheraton prior to joining husbands for a tour of Redstone Arsenal at 9:00 a.m. by bus. This tour will cover highlights of NASA's Marshall Space Flight Center and the U. S. Army Missile Command. Included will be a visit to NASA's Orbital Workshop and the Neutral Buoyance Laboratory, a visit to the static test stands, and observation of structural test on a missile stage. A visit to the Army Weapons display will round out the tour.

Between 2:30 and 4:30 p.m. get acquainted over tea in the Hospitality Room of the Sheraton as you are honored guests at an "Acquaintance Tea."

Buses from the convention motel will carry couples at 6:00 p.m. to the Plantation Dinner Theater on a wooded hillside overlooking Huntsville. Following a buffet attended by the actors, a company production of "Barefoot in the Park" will be presented. Huntsville's Plantation Dinner Theater always affords excellent professional actors, on tour of this and other dinner theaters throughout the country.

Thursday, November 20

The Hospitality Room will be open and serving coffee at 8:30 a.m. At 9:00 a.m. buses will leave for a Civic Center Tour which will include a welcome by the County Commissioner, and a tour of the Madison County Court House. This will be followed by a one-half block walk to the Municipal Building, and welcome and briefing by the Mayor in the Council Room.

Buses from the Civic Tour will drop the ladies at the Carriage Inn Executive Room for a Luncheon and Fashion Show at 12:30 p.m., (those not on the Civic Tour will be brought from the Sheraton by car), and the program takes a decidedly feminine tour! "Glitter and Glamour" fashions will be presented by Jean's, and will feature holiday styles.

Following this, buses will return you to the Sheraton to give you time to relax before the Cocktail Hour at 6:00 p.m. and the conference banquet in the Sheraton Ballroom at 7:00 p.m.

Friday, November 21

Hospitality Room will be serving coffee at 8:30 a.m. At 9:30 a.m. a Historical and Shopping Tour will be conducted by car pool. Hostess-drivers will serve as your guides, and you will enjoy a drive through the "old" Huntsville, viewing the beautifully preserved Antebellum homes of the area, as well as Huntsville from Monte Sano.

At 11:30 a.m. the tour will move to The Mail for shopping and a dutch luncheon at the Picadilly Cafeteria. A return to the Sheraton will conclude the Ladies' program.

CLOTHING TIPS

For the Dinner Theater bring something dressy; for the Convention Banquet, a cocktail dress; for the tours, comfortable shoes; and for all other activities dress is casual. For Huntsville in November may we suggest perhaps a raincoat.

Mr. Charles J. Albers, Jr.

Dear Mr. Albers:

Congratulations! On behalf of IEEE's General Manager, Mr. Eric Herz, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Lasers and Electro-Optics Chapter in the Huntsville Section has been approved. The effective date of this Chapter formation is March 2, 1987.

At this time we are recording you as the Interim Chairman. When an election has been held, please use the enclosed Chapter Officer Reporting form (L7) to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this new Chapter.

Sincerely,

Don Suppers
Staff Director
Field Services

Ms. Sonya L. Hutchinson

Dear Ms. Hutchinson:

Congratulations! On behalf of the IEEE Regional Activities Vice President, Marc T. Apter, and IEEE Technical Activities Vice President, Ralph W. Wyndrum, Jr., it is a pleasure to inform you that the requirements of the RAB Operations Manual have been met, and IEEE Huntsville Section – Engineering Management Society Chapter has been formed. The effective date of this Chapter formation is 19 July 2004.

At this time, we are recording you as the Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. Valuable information regarding IEEE Society Chapters can be found at www.ieee.org/chapters. If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

Cecelia Jankowski
