REQUIREMENTS TO FORM AN IEEE AFFINITY GROUP

An affinity group shall be a local unit of an IEEE entity or standing committee established by petition to the parent entity to fulfill the purposes of the IEEE. "Parent Entity" refers to an entity or standing committee. The following groups have been acknowledged by RAB as parent entities as defined above and described in their charters: Graduates of the Last Decade, Women in Engineering and Consultants Network. No parent entity shall be formed when the topic matter is within the domain of a technical Group, as determined by Societies' fields of interest.

The petition to establish an Affinity Group shall contain the following:

- Name of the Section or Sections.
- Name of the parent entity (e.g.: GOLD, Consultants Network).
- Name of the organizer (who becomes interim Chair pending election of a regular Chair at a later organization meeting).
- Signatures of at least six (6) IEEE Members, other than Students, who are Members of the Section(s) involved and who indicate they will join the Affinity Group, if established.

The petition shall be submitted to the Section Executive Committee for written approval and forwarded with this written approval to the IEEE Managing Director, Regional Activities.

Regional Activities staff will review the petition and work with the organizer to resolve any discrepancies. The Affinity Group shall be considered established after the IEEE Managing Director, Regional Activities has ascertained that the Regional Director and the IEEE parent entity have no objection to its formation.

The IEEE Managing Director, Regional Activities will notify the Regional Activities Board, the IEEE sponsoring entity, and the Section Chair on behalf of the IEEE Executive Director.

TO FORM A JOINT AFFINITY GROUP

The requirements are the same as for a single Affinity Group, except that not less than three of the six signatures on the petition shall be members of each of the parent entities involved.

The status of an Affinity Group may be changed from single to joint, or vice versa or from one joint combination to another, without submission of a petition. The change in status will become effective following approval of the request for change by the Regional Director(s), Affinity Group Chair, Section Executive Committee, and other entities involved.

TO FORM A JOINT AFFINITY GROUP COMPRISING TWO OR MORE CONTIGUOUS SECTIONS

An Affinity Group or Joint Affinity Group may be established by the procedures defined herein to cover the territory of two or more contiguous Sections, or a Council, provided the necessary approval is obtained by all concerned. The petition shall identify the entity assuming responsibility for the Affinity Group management
