MEMORANDUM

TO

FROM

E. Davis ↗

The Board of Directors at the October meeting approved the establishment of the new Israel Section of The Institute of Radio Engineers.

It was noted that it would be desirable to make special note of the establishment of this new section, by means of a notice in PROCEEDINGS and a release to the trade press in our field, inasmuch as it is the first IRE section to be established in the Eastern Hemisphere and the establishment of the section was generated spontaneously by persons in that country interested in the IRE field of activity. It was suggested that such notice might be in the nature of a welcome to the new section and might include comments to the effect that the establishment of this section would undoubtedly be of particular interest to our members in other countries in the Eastern Hemisphere.

Some of the members of I.R.E. in Israel met in Haifa last month and discussed the possibility of forming an I.R.E. section in conformity with I.R.E. regulations.

The following decisions were taken:

- a) To apply to the Secretary of the I.R.E. for the formation of an I.R.E. section in Israel.
