Manuel Rui Martins

Dear Mr. Martins:

Congratulations! On behalf of the IEEE Regional Activities Vice President, Pedro Ray, and IEEE Technical Activities Vice President, Peter Staecker, it is a pleasure to inform you that the requirements of the RAB Operations Manual have been met, and IEEE Portugal Section – Engineering in Medicine and Biology Society Chapter has been formed. The effective date of this Chapter formation is 5 December 2006.

You have been recorded as Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. Valuable information regarding IEEE Society Chapters can be found at www.ieee.org/chapters. If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

A handwritten signature in cursive script that reads 'Cecelia Jankowski'.

Prof. M. de Medeiros Silva

Dear Professor Silva:

We are pleased to advise that the Regional Activities Board, on December 4, 1981, approved the establishment of the Portugal Section with territory to encompass the following:

the national boundaries of Portugal, including the Mainland, Madeira, Azores and Macau (under Portuguese administration).

The geographical coding assigned to the Portugal Section is:

Region - 08 Council - 00 Section - 45 Subsection - 00

We are changing the records of all members residing within the territorial limits of the Portugal Section to reflect the new geographical code. This process will be completed in three to four weeks. At that time we will be ready to fully service your Section. We are recording you as the Interim Chairman until an election has been held and the Officers reported to IEEE on the enclosed officer reporting forms. If we can assist in any way in the planning of the Section activities, please let us know.

The Portugal Section Bylaws that you submitted are at this time under review. If all is found to be in order, the Bylaws will be presented to the Regional Activities Board at their February 1982 meeting.

We extend our best wishes for the successful operation of the new Section. If we can be of further assistance to you, please do not hesitate to contact us.

Sincerely,

Mark M. Lucas

Dear Professor Silva,

I was indeed pleasantly surprised by your kind letter of October 26 containing the 50 signatures and the draft of the bylaws required for the formation of the IEEE Portugal Section.

I have forwarded these documents to our IEEE New York staff and I do hope to obtain the formal approval of the creation of the IEEE Portugal Section in the course of our next Board of Directors meeting in Savannah scheduled for early December 1981. Certainly I will immediately inform you of the progress and results achieved.

I am in full agreement with your proposal that the present organization committee formed by yourself and Professors Moura and Alegria take charge of the affairs of the Section until the elections take place.

Many thanks again to you and your colleagues for all the fine work you have accomplished and best regards.

Dear Laura,

Subsequent to my telex to you of November 10, 1981 I send you attached the 50 petition signatures as well as the draft of the bylaws required for the creation of the IEEE Portugal section.

I appreciate your assistance to initiate the necessary steps from your end. It would indeed be a very fine accomplishment and serve as an encouraging incentive if we could achieve the formation of the IEEE Portugal section in the course of our forthcoming meeting in Savannah, a true highlight for the end of 1981!

Many thanks again and best regards,

Mr. Francisco J. Restivo

Dear Mr. Restivo:

Thank you for your letter of June 3. We are pleased to note that positive action is being taken to petition for the establishment of the Portugal Section. If we can provide any further assistance, please let us know.

After February 1 of the year following establishment, the Section will be eligible for a basic allowance of \$200.00 each year to partially cover Section expenses. Headquarters also provides a rebate to the Section based on the following schedule:

- \$ 1.50 - for each active member with mailing address within the Section territory as of 12/31 each year.
- 6.00 - for each new member whose mailing address was within the territory of the Section at the time of his admission to membership.
- 20.00 - for each meeting sponsored by the Section and reported to IEEE on the Annual Meeting Report form (sample attached).
- 20.00 - for each meeting of the Subsection of the Section (if any).
- 20.00 - for each Group/Society Chapter meeting (if any).
- 100.00 - for one Section Technical Conference (STC) sponsored during the calendar year meeting the requirements outlined on the attached STC reporting form.
- .70 - for each member of a formally established Chapter of a Group or Society which has met the requirements of Chapter maintenance (hold at least two technical meetings each year and maintain a membership of at least ten active members (above Student) who are members of the Group/Society).

An advance against future rebates can be arranged for the first year of operation.

Another advantage is that a representative of the Section (usually the Chairman) will be eligible, if necessary, for at least partial reimbursement of expenses to attend a meeting of the Regional Committee each year.

We hope this information is useful.

Dear Sir,

Thank you very much for your letter of May 6.

I have already heard from Prof. E. Folke Bolinder and I have also received a list of all IEEE members in this country, with date of May 20.

With this Department there are six members and more than a dozen student members and with a little effort we hope soon to be able to fulfill the necessary requirements for the petition for the Portuguese Section of IEEE.

We would like to have more informations about the benefits of organizing the Section, and if there will be some kind of financial support from IEEE.

At this time, I am writing to the Director of Region 8 to ask for the same informations.

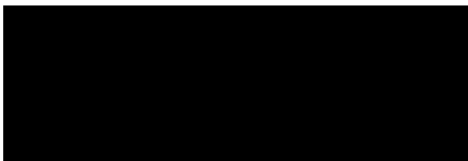

Thanking again for your kind attention, I am,

Mr. Francisco J. Restivo

Dear Mr. Restivo:

Your letter of April 12 has been forwarded to me for reply.

We are pleased to enclose information on the requirements to establish an IEEE Section, with a sample petition form.

Our records show that there are presently 20 IEEE members, above Student grade, in Portugal. You will note that a total of 50 names are needed on a petition and it will be necessary for you to obtain additional members before you may petition for a Section in Portugal. Our records also show that there are 22 Student members in Portugal who will be transferred to a higher grade upon graduation.

We are ordering preparation of a list of all members in Portugal for shipment to you in about three weeks. A small supply of application forms are also being sent to you separately so that you may obtain additional members qualified for a grade other than Student.

IEEE Bylaws provide that the Regional Director, at his discretion, may approve a petition containing less than 50 signatures if it appears that the formation of a Section will promote growth. You will want to write to the Director of Region 8 whose name and address are shown below, for information and guidance in petitioning for a Section in Portugal. If we can assist further, please let me know.

Sincerely,

Dear Sirs,

Some portuguese members of IEEE who are at the Department of Electrical Engineering of this University have been thinking in creating the portuguese section of IEEE.

Since we have no information about the procedures to follow, we are asking **your** help in

- . having a complete list of the portuguese members of IEEE and of IEEE Groups and Societies
- . telling us the formalities to accomplish for that objective.

We hope to have soon **your** answer.

Mr. Carlos Barradas da Silva

Dear Mr. da Silva:

Thank you for your letter of December 17 in which you reported on the progress made in your efforts to establish an IEEE Section in Portugal. We are pleased to advise that as of 12/1/69 there were fourteen members in this country.

The IEEE Bylaws provide that for maintenance of a Section, a rebate shall be paid each year to cover expenses incurred in the Section operation (such as holding meetings; obtaining meeting locations, etc.). The rebate includes \$200.00 plus \$1.10 for each active member (above the grade of Student) in the Section as of 12/31/ IEEE additionally provides payment of \$15.00 for each meeting held in the Section (up to 10 meetings in a calendar year) and reported to IEEE in the proscribed manner by the Section Secretary. Each Section may also receive credit of \$100.00 for a Section Technical Conference meeting all requirements outlined in Statement of Policy #10 in the Section Manual.

As soon as the Portugal Section has been established and officers elected, we will be in a position to provide an advance to the Section against these rebate payments to cover the immediate expenses of getting the Section under way. We look forward to receiving the petition requesting approval to establish this Section.

Dear Miss Sirjane,

I wish to apologize for the delay in answering your last letter, the reason being that I was waiting for a final reply from the national engineering association in connection with the Portuguese section of the I. E. E. E.

As I mentioned before, the association is a semi-governmental organization and therefore a lot of red tape affects all their decisions. On the other hand, they have the legal power to control any type of engineering association in the country and I would not be allowed either to invite Portuguese engineers to become members of the I. E. E. E. or to organize the section before their approval was granted.

As you will remember, the written application was submitted a few months ago, but it had to pass through the committees and councils concerned. Two days ago I got the written approval and I was invited by the General Secretary to work out the details with him.

After the meeting which will be held next week, I will send you a complete report on the situation and information on the next steps.

Of course I am happy about the success of that basic negotiation and hope that from now on no more delays will occur.

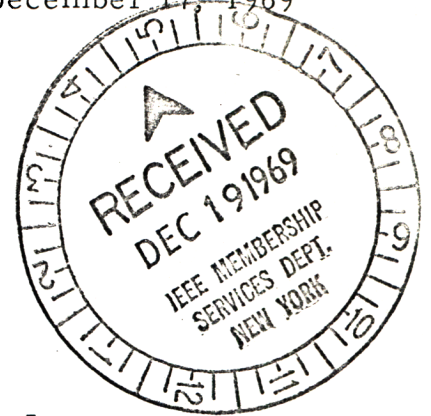

Though I do not expect that large expenses will be involved, I would like to know whether the I. E. E. E. is prepared to share them or on the contrary I should take them to my account.

Yours sincerely,

CBS/TA.

Dear Miss Sirjane,

In accordance with the procedure we had agreed upon, immediately after I received notice of my election for membership of the Institute I started the formal negotiations to organize the Portuguese section of the I. E. E. E.

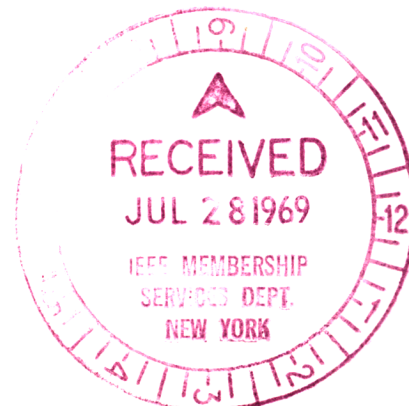

The first step is obtaining the agreement of the national engineers' association ("Ordem dos Engenheiros") and if possible to secure their cooperation. After a few private consultations, I wrote a letter to the Chairman, as per attached copy and translation and I will wait for their reaction before proceeding.

I will keep you aware of the developments and meanwhile remain,

Very sincerely yours,

Lisboa, 22 de Julho de 1969

Digm^o. Presidente do Conselho Geral

Assunto: Secção Portuguesa do I. E. E. E.

Exm^o. Senhor,

O "Institute of Electrical and Electronic Engineering, Inc.", U. S. A. - antigo "I. R. E." - desejaria organizar uma secção portuguesa, à semelhança das que já existem em outros países da Europa e solicitou do signatário as diligências conducentes à concretização da iniciativa.

Dados o número de sócios daquela organização, não só na totalidade mas também em cada uma das numerosas especialidades, o alto nível profissional da maioria dos membros e, em consequência, os recursos e possibilidades da organização, demonstrados através das suas publicações e dos acontecimentos profissionais que promove com regularidade, parece que a criação de uma secção portuguesa poderia trazer vantagens importantes aos engenheiros electrotécnicos que dela quizessem fazer parte.

O pequeno número de engenheiros electrotécnicos portugueses que se dedicou a determinadas especialidades, tais como as relacionadas com a electrónica, com a biofísica, etc., etc., não lhes permite, nem à própria Ordem, dedicar a essas especialidades a atenção e os recursos que poderiam contribuir para o desenvolvimento das actividades correspondentes.

No entanto a iniciativa está automaticamente condicionada pelos pontos de vista da Ordem dos Engenheiros, cuja aprovação e, preferivelmente, colaboração, se julgam indispensáveis.

Ainda que a secção portuguesa do "I. E. E. E." possa ter um carácter quase particular, são de ter em conta:

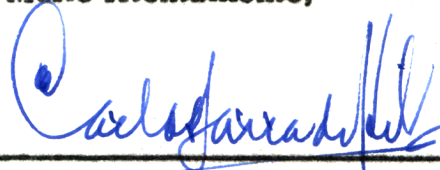

- a. Quaisquer aspectos jurídicos suscitados pela legislação vigente, nomeadamente pelos Estatutos da Ordem;

- b. A aprovação de princípio da mesma Ordem, quanto à conveniência e oportunidade da iniciativa;
- c. A decisão de colaborar nas diligências ou de não desejar intervir.

Para melhor conhecimento, junto algum material informativo sobre as actividades do "I. E. E. E. ".

Agradecendo antecipadamente as notícias de V. Ex^a. sobre este assunto, subscrevo-me com os protestos da maior consideração,

Muito Atentamente,

(Insc. na S. R. L. c/o nº. 4082)

CBS/TA.

Translation of the letter addressed to the Chairman
of the national engineers'association on July 22, 1969

The "Institute of Electrical and Electronics Engineers, Inc.",
U. S. A. - formerly "I. R. E." - should like to organize a Portuguese section,
as it has already been done in other European countries and the undersigned
has been asked to take steps towards this aim.

Considering the number of members of said organization, not
only in its whole but also in each of the many specialities, the high
professional level of the majority of its members and, consequently, the
possibilities and scope of the society well emphasized through its publications
and the professional events regularly promoted, it seems that the creation
of a Portuguese section may bring important advantages to all the electrical
engineers wishing to become members.

The small number of Portuguese electrical engineers working in
the fields of electronics, biophysics, etc., etc., does not allow them - nor
even the engineers'association itself - to devote to such specialities the
time and means that would help to develop the corresponding activities.

Nevertheless the initiative depends automatically on the points
of view of the engineers'association, approval of which and, if possible,
cooperation, are believed indispensable.

Although the Portuguese section of the "I. E. E. E." may take the
characteristics of a nearly private organization, there is to consider:

- a. Any legal problem deriving from the legislation in force, namely from
the Statutes of the engineers'association;
- b. The approval, in principle, of the same engineers'association, as to
the suitability and opportunity of the initiative.
- c. The decision of cooperating in the negotiations or of not interfering.

For better knowledge of the matter, I enclose some literature
on the activities of the "I. E. E. E.".

Looking forward, etc...

We are pleased to note that you are progressing in your efforts to establish an IEEE Section in Portugal. If we can assist you in any way, please let us know.

Our records show that your payment of \$40.00 has been received and properly credited to extend your IEEE and Group memberships and subscription to PROCEEDINGS through December 1969.

We note that we can expect to receive shortly the names of your references on your application for admission to Senior Member of IEEE.

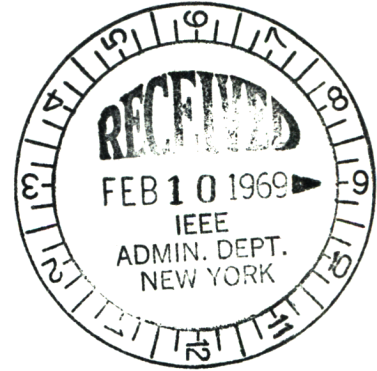

Sincerely,

Emily Sirjane, Manager

Dear Miss Sirjane,

First of all I must apologize for the delay in replying to your kind letters of December 19, 1968 and January 16, 1969, for which I thank you very much. The material referred to in the first one, as well as the list of members, were also received in due course.

As you will probably remember, I was supposed to leave New York the day after we met at your office, but some appointments and meetings have forced me to stay a few days longer and meanwhile the Hong Kong flu was progressing at a very high rate. The final result was that I arrived in Lisbon later than I expected and I have been fighting that flu since then. I hope - because nobody is sure any longer - that I am now recovering.

If you add to that all the paper work which had been accumulating during the months of my trip, you will understand why I have been unable to speed up the pending matters.

As regards the Portuguese Section of I. E. E. E., in spite of the above, I have made some contacts and I am at least as optimistic as before, as far as the prospects are concerned.

As for future action, meaning the formal approach to the creation of the Section, I think it should wait for my application being settled, as it would not make much sense that someone who is not yet a member tries to start a Section which will include people who are already members. I am sure you will agree to this and it brings up the second point, i. e. my application.

For the same reasons outlined before, I have had no possibility of contacting the people who I assume will be glad to support my application and find out whether they remember the activities I mentioned in the form, so that I can supply names that will be of actual use. I expect to do so in the course of this week, inasmuch as one of them, Mr. Carvalho Fernandes, Senior Member, is just back from a long absence abroad.

I expect to write you again some time next week and thanking you very much for your very valuable cooperation, I remain,

Yours sincerely,

MR. S.J.V.L. DA COSTA PESSOA
RUA RAINHA DA LEONOR S.P.
AMADORA, PORTUGAL

DEAR MR. DA COSTA PESSOA:

WE HAVE YOUR LETTER OF JULY 2, 1956, IN WHICH YOU ENCLOSED YOUR MEMBERSHIP DUES.

IT WILL BE PERFECTLY IN ORDER TO LIST NON-MEMBERS AS REFERENCES ON APPLICATIONS FOR IRE MEMBERSHIP, WHEN NO IRE MEMBERS ARE AVAILABLE.

WE ARE PLEASED TO LEARN OF YOUR INTEREST IN THE FORMATION OF AN IRE SECTION IN YOUR COUNTRY, AND LIST BELOW THE REQUIREMENTS WHICH MUST BE FULFILLED IN ORDER TO FORM SUCH A SECTION:

- 1) A PETITION SIGNED BY NOT LESS THAN 25 MEMBERS OF ASSOCIATE GRADE OR HIGHER, WHO HAVE PROCEEDINGS MAILING ADDRESSES WITHIN THE TERRITORY OF THE PROPOSED SECTION, MUST BE SUBMITTED TO THE IRE BOARD OF DIRECTORS.
- 2) THE PETITION SHOULD INDICATE THE TERRITORY TO BE INCLUDED IN THE PROPOSED SECTION.
- 3) THE PETITION SHOULD SPECIFY THE NAME OF THE PROPOSED SECTION.
- 4) IT WILL BE NECESSARY FOR THE PROPOSED SECTION TO INDICATE IN WRITING THAT THEY WILL ABIDE BY THE CONSTITUTION FOR SECTIONS APPROVED BY THE IRE BOARD OF DIRECTORS. A COPY OF THIS CONSTITUTION IS ENCLOSED.

ENCLOSED YOU WILL FIND A LIST OF ALL CURRENT HIGHER GRADE IRE MEMBERS IN PORTUGAL. SINCE, AS YOU WILL NOTE, THERE ARE NOT TOO MANY OF THEM, WE ARE FORWARDING A SUPPLY OF IRE APPLICATION BLANKS TO YOU, UNDER SEPARATE COVER. ANY APPLICANTS WHOSE APPLICATIONS ACCOMPANY A PETITION FOR THE FORMATION OF A SECTION IN PORTUGAL WOULD BE ELIGIBLE TO SIGN THE PETITION.

PLEASE LET US KNOW IF WE CAN ASSIST YOU IN ANY WAY IN YOUR EFFORTS TO FORM AN IRE SECTION IN YOUR COUNTRY, AS WE WILL BE VERY GLAD TO HELP YOU IN THIS REGARD.
