Nathalie:

This is a great idea. As you may know, we started a student chapter of the IEEE EMBS here at KSU in Fall 2005. The chapter is healthy and moving forward with projects. We will present a summary of our lessons learned at the upcoming IEEE EMBS conference in New York City. I think a section in Kansas City will not only be good for research, but it will help us place students in appropriate biomedical positions.

Regards,
Steve
