Gentlemen:

I am sending you this petition to form a Sweden Section within the IEEE according to the procedure set out in the IEEE Bylaws. The signing of the petition has been made with a parallel procedure using separate sheets rather than a series procedure using one sheet in order to gain time. All members have been informed and further signatures are expected; however, as a sufficient number has been obtained they are submitted now. In addition the signatures of 5 of the fellows of the IEEE who joined me in sponsoring the petition are submitted.

The regional director, Mr. J.D. Lebel, has paid a visit and approves the move.

The local engineers societies Svenska Teknologföreningen, Stockholm, and Tekniska Samfundet, Gothenburg, have been contacted and approve.

Sincerely yours,

A handwritten signature in blue ink that reads "J.T. Wallmark".

Dear Miss Sirjane:

I am sorry to have delayed in answering your two letters concerning the Swedish Section.

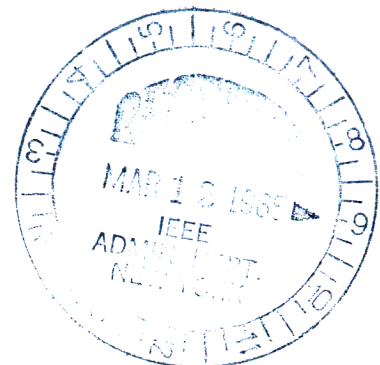

You will find hereto enclosed a letter which I would like you to give to the Executive Committee when the question of the formation of this Section comes up.

To the Executive Committee:

When I visited the Swedish Section in January it was decided that Professor Wallmark would send as soon as possible as many signatures as he could to support a petition to have the Swedish Section started. He recently wrote to the Executive Committee accompanying that letter by approximately 100 such signatures.

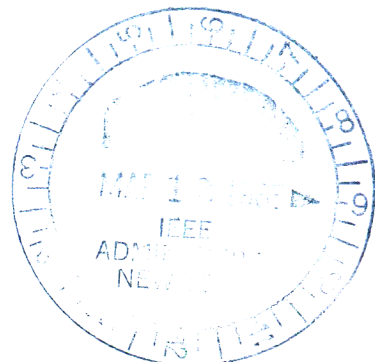

I feel that starting an IEEE Section in Sweden is the appropriate thing to do now. This meets with my full approval as a Director of Region 8.

I would suggest that the geographical boundaries of the Section be limited to the entire territory of Sweden.

Yours sincerely

Jean D. LEBEL.
