could you advise us from  
whom we might possibly  
secure a portrait of "Oliver

We have a customer from

to secure one suitable for framing,  
but so far, our efforts fail  
to locate any in the regular  
channels of trade,

Gentlemen:-

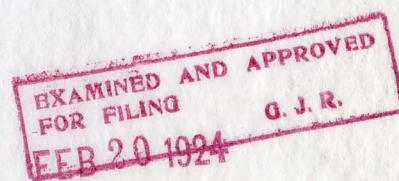

This will acknowledge receipt of your inquiry regarding a portrait of Oliver Heaviside. Being unable to answer your question as to where a portrait might be obtained, we made inquiry of one of our members, Mr. B.A. Behrend of Boston, who has always taken great interest in the work of Heaviside. We are today in receipt of Mr. Behrend's reply, as follows:

"In answer to your good letter of February 15th, asking where a portrait of Oliver Heaviside might possibly be secured, which is wanted by Robson & Adee, I have to report that Oliver Heaviside has never been photographed, and there is nothing available or extant to show the people what he looks like."
