**FOR PERMANENT RECORD
FILE IN FOLDER**

Mr. A. M. MacCutcheon,

Shaker Heights,
Cleveland 20, Ohio.

Dear Mr. MacCutcheon:

In answer to your letter of September 14, we have not found it possible to maintain the Section membership records on any other basis than the official mailing address. Nevertheless, we shall be glad to make an exception to our standard practice so that your change in address for the winter months will not involve a notice of transfer of Section affiliation from Cleveland to Arizona.

Your mailing address is being changed today to Phoenix; unfortunately, the envelopes for the October issue have already been addressed and delivered to the printer, but I trust that you can conveniently arrange for the forwarding of this number to Phoenix.

With reference to your eligibility for Member for Life enrollment, you will receive a notification of such change in status on May 1, 1949, as of which date you will have paid dues for a period of thirty-five years. Although your admission to membership occurred in June 1912, the dues charge was waived for the two years ending April 30, 1919, because of your military service during the first World War. This cancellation of dues accounts for the delay in notification of your enrollment as a Member for Life.

Very truly yours,

Secretary.

Mr. H. H. Henline, Executive Secretary,
American Institute of Electrical Engineers,

New York City.

Dear Mr. Henline.

Since I am asking a rather unusual question, I decided to write directly to you. We leave for Arizona, where we will spend the winter, about October 1. I have received my copy of Electrical Engineering for September and the October issue had best be sent to my new Phoenix address

A. M. Mac Cutcheon

Cleveland address

The question is; Can I have my mailing address changed and remain a member of the Cleveland Section. It is my understanding that last year, when my mailing address was changed, my section affiliation was also changed. For sentimental reasons, which you will understand, I would prefer to remain a member of the Cleveland Section and of course will return to my permanent home in Cleveland next May. Phoenix will not become my permanent home and we may not return there the winter of 1949-50. Mentioned it to Julius Strasburger and he seemed certain my Section affiliation could remain Cleveland.

Another question while I am writing you. Am I now listed as a member for life? Believe that I joined in 1912 and believe that 35 years membership qualifies. As far as I can remember my membership has been continuous. I am asking, not as regards dues which I gladly continue to pay, but have never received notice of my eligibility and receive no such communications such as life members might receive. Possibly there have been none. It is also possible that there was a remission of dues during the time that I

was in the service during the first world war. In any event I was curious and would appreciate your advice.

Yours very sincerely,

A. M. Mac Cutcheon.
