February 22, 1943

Edward H. Levi, Esq.  
Special Assistant to the Attorney General  
Antitrust Division, Department of Justice  
Washington, D. C.

Dear Ed:

I am enclosing herewith copies of sample reports pertaining to information obtained from the Heart Mountain evacuees. Copies of similar reports made by Warner and Eble will be forthcoming at an early date.

By this time I presume that you have received a copy of the somewhat lengthy report I wrote dealing with conditions encountered at Heart Mountain. I presume no further comments are necessary unless there are some specific questions on policy and procedure that you may wish to interpose.

Our Mr. Price has just returned from the camp at Topaz, Utah, and reports similar conditions existing there, particularly with reference to the Army situation. For this reason, I cannot urge too strongly that we "go easy" on these camps until these conditions have died down somewhat. Speaking frankly, I cannot comment too strongly on the bad reaction the Army program has stirred up in each of these camps.

Of the seven reports I am enclosing herewith, you will note that one is a confidential report pertaining to the Japanese mind and preparation for the war effort. I presume it would be proper to send this report to O.S.S. rather than B.E.W., since the latter's Mr. Shannon McCune seems to think such reports are of no value whatsoever. I am referring to his February 11, 1943 memorandum to Mr. William McGovern censoring the Bill Hosokawa report.

As reported previously, we have among others two very interesting projects lined up that we feel will be highly profitable, namely, the Navy Japanese Language Unit at Boulder,

FEB 25 1943

and the Norwegian Ski Unit at Camp Hale, Pando, Colorado. As soon as we can get clearance on the Pando job, we will begin work there immediately. I will make final arrangements this week on the Boulder job, and Eble and I expect to begin work there on a week or ten-day project possibly the latter part of Dec 18, this week.

I am still very much up in the air regarding the E. G. Constan matter (re my December 8, 1942 and January 15, 1943 letters to you). Will you please advise me accordingly at your earliest convenience?

Sincerely yours,

JAMES McI. HENDERSON  
Chief, Mountain States Office
