Dear Colleague :

Recently, Kapil Raval wrote to IEEE with the aim of forming a Section in the UAE. They wrote back with a list of members that is overwhelming. There are more than 150 IEEE members in the UAE. Along with that list they sent some of their documentation that regulates the formation of a Section. The first condition is that 50 valid IEEE members must sign approving the formation of such a Section.

We are writing you in the hope that you will sign the attached form and send it back to :

Akram Najjar

With the hope that we can gather 50 signatures to start a Section. The main aim behind this would be to hold regular lectures, benefit from IEEE's subsidies to Sections, use their "learning kits" and possibly entertain their lecturers when on world tours.

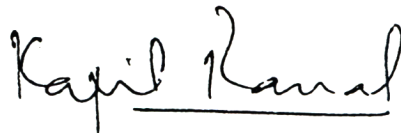

Please sign the accompanying form signifying your approval so we can get things going.
