

Region 4; R4; Central USA - Region 4

R40035 Southeastern Michigan Section

INTER-OFFICE LETTERS ONLY

DATE 5/15/63

TO Addressograph, Coding, Accounting

FROM Emily Sirjane

SUBJECT **IEEE SOUTHEASTERN MICHIGAN SECTION** **IEEE REGION IV**

Please note that the AIEE Michigan and the IRE Detroit (part) Sections have merged. The name of the merged Section will be known as the:

IEEE SOUTHEASTERN MICHIGAN SECTION

The territorial assignment of the IEEE Southeastern Michigan Section includes the following Counties in the State of Michigan and Province of Ontario in Canada:

Counties, Michigan:	Clinton	Livingston	St. Clair
	Eaton	Macomb	Washtenaw
	Ingham	Oakland	Wayne
	Jackson		

County, Ontario-Canada: Essex

Kindly code all plates for members in the above Counties in the IRE and AIEE membership files accordingly for the IEEE Southeastern Michigan Section, keeping the IRE and AIEE plates separate as currently being maintained.

Prepare a set of 3x5 cards on all plates which have been changed and send to the Coding Department.

ES:ta

INTER-OFFICE LETTERS ONLY

DATE 5/15/63

TO Addressograph

FROM Emily Sirjane

SUBJECT **IEEE SOUTHEASTERN MICHIGAN SECTION IEEE REGION IV**

The territory of the IEEE Southeastern Michigan Section is currently assigned to the IRE and AIEE Sections as follows:

IRE Detroit Section:

Counties, Michigan:	Ingham	Macomb	Washtenaw
	Jackson	Oakland	Wayne
	Livingston	St. Clair	

IRE Western Michigan Section:

Counties, Michigan:	Clinton	Eaton
----------------------------	----------------	--------------

IRE London (Canada) Section

County, Ontario Province: Essex

AIEE Michigan Section - Encompasses all territory assigned to the IEEE Southeastern Michigan Section.

ES:ta

PRINCIPLES OF CONSOLIDATION

MICHIGAN SECTION, AIEE AND DETROIT SECTION, IRE

This organization shall be known as the Southeastern Michigan Section of the Institute of Electrical and Electronic Engineers.

Its objectives shall be the advancement of the theory and practice of Electrical and Electronic Engineering and of the allied Arts and Sciences, and the maintenance of a high professional standing among its members. The Section shall foster engineering education and its coordination with engineering practice. It shall also broaden the usefulness of the engineering profession in civic matters.

The territory of the Southeastern Michigan Section shall consist of the counties of Jackson, Washtenaw, Wayne, Ingham, Livingston, Oakland, Eaton, Clinton, Macomb, and St. Clair in Michigan, and the county of Essex in Ontario, Canada.

All Honorary Members, Fellows, Senior Members, Members, Life Members and Associates of the I.E.E.E. residing within the territory of the Section, are members of the Section. Student Members of the Institute shall be entitled to attend all meetings of the Section but they shall not have the right to vote or hold office. Dues paid by Institute members for their Institute membership shall be the only dues required for membership in the Section.

The Officers of the Section shall be a chairman, Vice-Chairman, Secretary and Treasurer. There shall also be eight Directors. The Officers and Directors shall be elected for a term of one year and shall assume the duties of their position beginning June 1, 1963. Candidates for Officers and Directors shall be members of the Section.

The Chairman shall have general supervision of the affairs of the Section, with the approval of the Board of Directors.

The Vice-Chairman shall perform the duties of the Chairman in the Chairman's absence.

The Secretary shall perform the usual duties which are normally delegated to the Secretary of an organization.

The Treasurer shall be responsible for all Section financial operations.

The Board of Directors shall be the governing body of the Section and shall direct the management of Section affairs. The Board of Directors shall consist of the Chairman, Vice-Chairman, Secretary, Treasurer, the Junior Past Chairman, the eight elected Directors, and not more than two other Directors appointed by the Chairman at his discretion.

Each Director shall have administrative supervision over a division of the Section activities as designated by the Chairman. Under the general direction of the Chairman, he shall have responsibility for the proper functioning and coordination of the committee organizations that comprise the division over which he has supervision. The eight divisions shall include:

Section Meetings - to include committees to plan and execute regular Section meetings in Detroit, Ann Arbor, and Jackson-Lansing areas.

Technical Meetings - to include committees to plan and execute meetings on specialized technical subjects not covered by the Professional-Technical groups.

Professional-Technical Groups - to establish liasion with the Professional-Technical groups organized in the Section Area.

Professional Activities - to include committees to plan and execute educational programs directed to the professional development of the members.

Student Activities - to include committees to advise and encourage Student Branches and to provide student guidance.

Affiliate Activities - to include committees and representatives who engage in inter-society activities.

Section Development - to include committees to encourage membership, promote public relations and develop the professional status of the Section.

Section Operations - to include those committees which aid and support the administrative and operational functions of the organization, including all publications, special technical conferences, historian, etc.

The Standing Committees shall be appointed by the Chairman with the concurrence of the Board for a term of one year beginning June 1, 1963.

An Advisory Committee of the Section shall be formed and shall consist of the Board of Directors and the Chairmen and Vice-Chairmen of all Standing Committees. The Advisory Committee shall act as an advisory committee to the Board of Directors, and shall meet at least once a year.

Officers and Directors shall be elected by letter ballot. A Nominating Committee of six members shall be appointed, three members each by the governing bodies of the local AIEE and IRE Sections. The Nominating Committee shall nominate one candidate for Chairman, two candidates each for Vice-Chairman, Secretary and Treasurer, and ten candidates for Director. The nomination of candidates shall be reported to the members through the respective February issues of Section publications and at the February Section Meetings. Additional nominations for any office may be made by a petition signed by at least 50 members qualified to vote, submitted to the Chairman of the Nominating Committee by March 8, 1963.

The Nominating Committee shall mail an official ballot to all members of each Section by March 15, 1963. Persons holding membership in both IRE and AIEE shall be entitled to vote each ballot.

The Nominating Committee shall report the results of the election to the governing bodies of the respective Sections before the regular Joint April Section meeting. The candidate receiving the highest number of votes for each of the offices of Chairman, Vice-Chairman, Secretary, and Treasurer shall be declared elected to these offices. The eight candidates receiving the highest number of votes for the office of Director shall be declared elected as Directors. The results of the election shall be announced to the membership at the April meeting.

As soon as practicable the Board of Directors of the Southeastern Section IEEE shall implement preparation of By-Laws for the Section.

Any section of these Principles of Consolidation found to be in violation of the National Constitution and By-Laws of the IEEE shall be automatically void.

September 1, 1961

Mr. J. L. McKelvie
Past Chairman
PGEC, Detroit Chapter
Bendix Res. Labs
Southfield, Michigan

Dear Mr. McKelvie:

Please accept my compliments on your letter of 29 August, to Mr. J. R. Relyea with reference to the appointment of new officers for the local PGEC Chapter.

Yours truly,

George W. Bailey
Executive Secretary

29 August 1961

8/31
JWS

Mr. James R. Relyea
309 East Madison
Ann Arbor, Michigan

Dear Mr. Relyea:

This letter will confirm our conversation of several days ago concerning the comments you submitted to IRE headquarters on the manner in which new officers for the local PGECC chapter were recently appointed.

As I offered at that time, I have again scanned the documents which govern national and chapter operations of the PGECC. In these, rules of procedure are spelled out in detail for the national organization and are suggested for local chapters. Concerning the latter, although it is not mandatory for the chapters to hold annual election of their officers in any particular way, it is clearly the intent of the suggested rules that formal elections be held. Of course, implicit in this recommendation is the understanding that qualified candidates are nominated and willing to run for the various offices.

As stated in my Newsletter as retiring chairman, the reason for not holding elections this year as we have done in the past several years was simply that it did not prove possible to obtain more than one candidate for each of the three offices. Our experience of the past few years in like situations was that the slate presented by the Nominations Committee was invariably elected by the overwhelming vote of our membership, and I expected that the same thing would happen this year. As a result, it was my recommendation that next year's officers be appointed, and that the postcards which had been obtained for ballot purposes be more productively used in obtaining background information and program suggestions from our members.

29 August 1961

It is interesting to note that you were the only person among approximately sixty who returned cards who took exception to the procedure which we followed. This does not prove that we were fundamentally right, but does illustrate that our action had the tacit support of the large majority of our chapter members. Despite this I agree with you that the proper way to handle the selection of chapter officers is by formal election. It was my recommendation to the appointed officers for 1961-62 that more and earlier thought be given next spring to obtaining a suitable group of nominees for office, and your letter will, I am sure, strengthen their determination to do so. As Past Chairman I will be able to contribute to this effort.

As we discussed previously, in an association such as ours successful accomplishment of group objectives depends not merely on the effort applied by the officers. Much more important is the active participation of the membership. This effort is spearheaded by members like yourself who are sufficiently interested in the organization to take constructive steps when they feel that its activities are being handled in anything less than the best fashion. Our program for 1961-62 is intended to provide more opportunity than before for members other than officers to engage actively in promoting and leading chapter activities. I have indicated to the new officers your willingness to take part in this effort, and expect that they will be in touch with you soon to discuss how best this can be done.

Sincerely yours,

J. L. McKelvie
Past Chairman
PGEC, Detroit Chapter

NEWSLETTER
OF THE
PGEC CHAPTER, DETROIT SECTION, IRE

Dear Member:

This letter reviews briefly our chapter activities of the past year, and presents the slate of officers for next year. It discusses recent activity of computer-oriented groups in the Detroit area. It introduces the concept of Technical Panels by means of which we expect to increase the value of the PGEC to our members.

Our survey of local computer activity, undertaken by means of a questionnaire directed to the recipients of this newsletter, is still not complete in all respects. It will be distributed later.

SUMMARY OF 1960-1961 ACTIVITY

Last year's committee has been:

Chairman: J. L. McKelvie
Bendix Research Laboratories

Vice-Chairman: George Zacharopoulos
Lafayette Clinic

Secretary: Yuji Morita
Institute of Science and Technology

Four meetings were held as follows:

1. November 1, 1960, at ESD, Detroit: "The Application of Tunnel Diodes to Digital Computers," by F. K. Buelow, IBM Product Development Laboratories, Poughkeepsie, N. Y.
2. November 28, 1960, at Willow Run Research Laboratories: "Modeling Techniques for Digital Computers," by Richard R. Legault, Institute of Science and Technology, University of Michigan.

3. January 30, 1961, at Lafayette Clinic, Detroit: "The Use of Automatic Data Reduction Techniques in the Study of Physiological Aspects of Emotion," by Dr. A. F. Ax and G. Zacharopoulos, of the Lafayette Clinic.
4. May 1, 1961, at the Cooley Building, University of Michigan, Ann Arbor: "Adaptive Mechanisms and Simple Learning Machines," by Prof. F. H. Westervelt, University of Michigan.

Attendance at these meetings was 22, 35, 27, and 23 respectively, of whom about half were PGEC members.

During the past year, both the Association for Computing Machinery and the American Institute of Electrical Engineers substantially increased their computer-oriented activity in this area. Local members of the ACM formed a Metropolitan Detroit Chapter and held meetings during last winter and spring. The AIEE Michigan Section established an Electronic Computer Committee late in the spring. Both of these moves were encouraged by the PGEC Executive Committee as constructive steps towards enhancing Detroit's position and image as a major center of computer activity.

A direct consequence of these developments has been the decision to hold the 1963 Spring Joint Computer Conference in Detroit. The choice was made by the Executive Committee of the newly formed American Federation of Information Processing Societies, successor to the National Joint Computer Committee. The decision resulted from representations made to the committee by the Detroit ACM, AIEE, and IRE organizations, all of which had to have formal local chapters to qualify Detroit as a potential site for a Joint Computer Conference.

PLANS FOR 1961-1962

After extended canvassing of PGEC members, the Nominating Committee, of which Allan H. Albert is Chairman, submitted the names of the following candidates for elective offices of the chapter:

Chairman:	G. Zacharopoulos
Vice-Chairman:	Y. Morita
Secretary:	W. E. Chapelle

It had been Mr. Albert's intention to distribute a ballot similar to that employed for the last two years, providing space for write-in candidates as an alternative to the official candidates. However, our recent experience has shown that practically all votes are cast for the slate of officers proposed by the Nominating Committee. As a result, the candidates listed above have been appointed for the 1961-1962 season, and have already assumed the responsibilities of office. Our ballot post-cards will be used in a different way, as described in a later paragraph.

A brief biographical sketch of each member of the 1961-1962 Executive Committee is given below:

George Zacharopoulos - Studying Physics at Wayne, formerly on the engineering staff at the Wayne University Computation Laboratory. He is now Electronic Systems Specialist at the Lafayette Clinic, engaged in the development of automatic data reduction systems for physiological measurements.

Yuji Morita - BSE and MSE, University of Michigan. Has worked on missile simulation with analog and digital computers. Now at Institute of Science and Technology as research engineer in the Countermeasures Department.

Walt Chapelle - BEE, University of Detroit and MSEE, University of Michigan. Formerly with the Willow Run Laboratory, he is now at Bendix Research Laboratories as a Project Engineer in the Computer Department. His work includes circuit development for analog and hybrid analog-digital systems, and the system engineering of such equipment.

1961-1962 Meetings

Plans for next year are being prepared by the newly appointed committee. A significant new feature will be the close cooperation between the PGEC and the AIEE Electronic Computer Committee. We plan to hold joint meetings in some cases, and will cooperate in publicizing our separate meetings. Arrangements with the ACM are less formal at present, but we expect to work closely with them as well as with the AIEE in developing a program suited to the wide range of interests among computer people in the area.

Formation of Technical Panels

As published last fall, the scope of the IRE Professional Group on Electronic Computers and its publications encompasses:

- (a) all aspects of design, theory, and practice relating to systems for digital and analog computation and information processing;
- (b) components and circuits for digital and analog systems, including techniques for accomplishing the functions of arithmetic, memory, control, mass data storage, input, output, and external communication in such systems;
- (c) relevant portions of supporting disciplines, including switching theory, symbolic logic, numerical methods, codes and number representation systems, abstract machine or automaton theory, machine learning, pattern recognition, and other extensions of logical machine capabilities;
- (d) testing, operation, and reliability of digital and analog systems; and
- (e) those aspects of application, use and programming of digital and analog computing devices and information processing systems that relate to their design and operation.

Practically all of these disciplines are included in the activities of our chapter members. To increase the effectiveness of the chapter in meeting the needs of its members, it has been decided to set up a number of Technical Panels. These informal groups will provide a focal point

for the exchange of ideas among specialists in several major areas. They will also advise the Executive Committee concerning meeting content, etc.

Several chapter members have already indicated their interest in participating in panel activities. The enclosed postcard will enable all members to identify their areas of professional interest and will be the basis for further detailing the panel plan.

The questions on the postcard are listed below and in some cases expanded to further clarify their meaning:

1. My primary activity in the computer field: for example digital or analog circuit design, logic design, digital equipment design, analog equipment design, analog or digital computer programming and use, sales, teaching, etc.
2. Other PGEC interest areas: these should be areas within the PGEC scope in which you now work (secondary to item 1) or in which you plan to or would like to work in the future.
3. Company affiliation:
4. PGEC potential here: estimated number of my associates (in same company) currently or potentially interested in PGEC activities, including those who are now members. The answer to this question will help us to improve our meeting publicity arrangements and guide membership activity.
5. My membership in other professional societies: AIEE, ACM, ISA, Simulation Council, etc.
6. Interest in Technical Panel activities: these panels have been tentatively established:
 - (a) circuit design
 - (b) logic design
 - (c) digital computer design
 - (d) analog computer design
 - (e) mathematics and programming
 - (f) computer control
 - (g) special computer applications

Please indicate those in which you would be most interested.
Do not feel you must be confined to the given titles. We
would welcome additional suggestions.

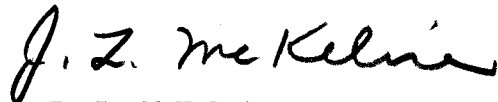

7. Comments: any constructive suggestions on how the PGEC could
be of more value to you or vice-versa. If space is insufficient
call me at KEnwood 7-3300 or Al Albert at JEfferson 9-2000,
Extension 6814.

8. Name:

9. Phone number:

Please fill in and mail the questionnaire now, before it slips your
mind.

Your 1960-1961 committee wishes all members a pleasant summer and
looks forward to an interesting and productive 1961-1962 program for the
Chapter.

J. L. McKelvie
Retiring Chairman

Executive Secretary
The Institute of Radio Engineers
1 East 79th Street
New York 21, New York

Dear sir:

Today I received a Newsletter from the Detroit PCEC Chapter which announces that instead of an election of officers for the new year, new officers have been appointed and have already been installed in office.

I doubt if this action is legal under the various laws and rules for the government of Professional Group Chapters and I feel the Chapter should be required to hold a proper election. In case the action is not forbidden by law, the Chapter has established the precedent of electing officers and should not be allowed to vary from established procedures without the consent of the membership.

I have enclosed my copy of the Newsletter for your inspection.

Sincerely,

James R. Relyea

INTER-OFFICE LETTERS ONLY

DATE November 8, 1950

TO Mr. Hermann E. Kranz

FROM Emily Sirjane

SUBJECT The Detroit Section

On checking the minutes of the Board of Directors for 1926 and 1927, I find the following:

June 30, 1926 - The minutes show that progress was reported in organizing a Detroit Section. Preliminary meetings had been held.

March 3, 1927 - The Board of Directors formally approved the petition for the formation of the Detroit Section.

If I can supply any further details, please let me know.

ES:dl

DETROIT SECTION

The Detroit Section held a meeting on March 18, 1927, in the Conference Room of the Detroit News Building. Thomas E. Clark presided. Three moving picture films, "The Audion," "The Electrical Transmission of Speech," and "The Story of a Broadcasting Station," were shown. A discussion participated in by Messrs. Hoffman, Buchanan, Glatzel and others followed.

In the election of officers which followed, Thomas E. Clark was elected Chairman, and W. R. Hoffman, Secretary-Treasurer. The regular meeting date of the Detroit Section was set for the third Friday of each month, except during July and August.

The next meeting of the Detroit Section will be held on April 15, 1927, in the Conference Room of the Detroit News. James McNary will deliver a paper entitled, "Measuring the Intensity of the Field Surrounding a Broadcasting Station."

DETROIT SECTION

The Detroit Section held a meeting on March 18, 1927, in the Conference Room of the Detroit News Building. Thomas E. Clark presided. The next meeting of the Detroit Section will be held on April 15, 1927, in the Conference Room of the Detroit News. James McNary will deliver a paper entitled, "Measuring the Intensity of the Field Surrounding a Broadcasting Station."

EXCERPTS FROM PROCEEDINGS

August 1926, Page 427

PROPOSED SECTION AT DETROIT

A preliminary meeting was held by Institute members in Detroit, Michigan, on May 22nd, twenty-seven being present. The purpose of the meeting was to consider the proposal to establish a Section at Detroit. Temporary officers were elected as follows: W. A. Pedersen, temporary chairman; E. H. Clark, temporary vice-chairman; W. R. Hoffman, temporary secretary-treasurer.

As soon as the plans are completed the Section will be placed on a permanent basis and will hold regular technical meetings. At the preliminary meeting thirty-four members were present.

March 1927, Page 178

PROPOSED SECTION AT DETROIT

A second preliminary organization meeting looking to the formation of a Section of the Institute at Detroit, Michigan, was held on January 21st in the Federated Radio Trade School. Thomas E. Clark presided. Temporary officers were elected as follows: Chairman, Thomas E. Clark; Vice-Chairman E. D. Glatzel; Secretary, Walter R. Hoffman. The temporary Chairman appointed the following committee Chairmen: Meetings and Papers, A. B. Buchanan; Membership Committee, G. S. Rouston.

The next meeting will be held on February 18th.

April 1927, Pages 276 and 277

DETROIT SECTION

A meeting of Institute Members residing in Detroit was held on February 18, 1927. This is the third of the preliminary organization meetings looking to the formation of the Detroit Section.

Thomas R. Clark presided and a talk was given by Earle D. Glatzel on, "Development of Power Line Carrier Systems". The attendance was thirty-five.

Since this meeting was held the Board of Direction has approved the petition submitted by the Detroit members, and the Detroit Section has been formed.

The next meeting will be held on March 18, 1927.

EXCERPTS FROM PROCEEDINGS

August 1926, Page 427

PROPOSED SECTION AT DETROIT

A preliminary meeting was held by Institute members in Detroit, Michigan, on May 22nd, twenty-seven being present. The purpose of the meeting was to consider the proposal to establish a Section at Detroit. Temporary officers were elected as follows; W. A. Pedersen, temporary chairman; E. H. Clark, temporary vice-chairman; W. R. Hoffman, temporary secretary-treasurer.

As soon as the plans are completed the Section will be placed on a permanent basis and will hold regular technical meetings. At the preliminary meeting thirty-four members were present.

March 1927, Page 178

PROPOSED SECTION AT DETROIT

A second preliminary organization meeting looking to the formation of a Section of the Institute at Detroit, Michigan, was held on January 21st in the Federated Radio Trade School. Thomas E. Clark presided. Temporary officers were elected as follows; Chairman, Thomas E. Clark; Vice-Chairman E. D. Glatzel; Secretary, Walter R. Hoffman. The temporary Chairman appointed the following committee Chairmen; Meetings and Papers, A. B. Buchanan; Membership Committee, G. S. Rouston.

The next meeting will be held on February 18th.

April 1927, Pages 276 and 277

DETROIT SECTION

A meeting of Institute Members residing in Detroit was held on February 18, 1927. This is the third of the preliminary organization meetings looking to the formation of the Detroit Section.

Thomas R. Clark presided and a talk was given by Earle D. Glatzel on, "Development of Power Line Carrier Systems". The attendance was thirty-five.

Since this meeting was held the Board of Direction has approved the petition submitted by the Detroit members, and the Detroit Section has been formed.

The next meeting will be held on March 18, 1927.

Oleg Gusikhin

Dear Oleg Gusikhin,

Congratulations! On behalf of the IEEE Regional Activities Vice President, Pedro Ray, and IEEE Technical Activities Vice President, Peter Staecker, it is a pleasure to inform you that the requirements of the RAB Operations Manual have been met, and IEEE Southeastern Michigan Section – Systems, Man, and Cybernetics Society Chapter has been formed. The effective date of this Chapter formation is 12 April 2007.

At this time, we are recording you as the Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. Valuable information regarding IEEE Society Chapters can be found at www.ieee.org/chapters. If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Cecelia Jankowski'.

Chapter Startup

Dear Kent,

Thank you very much for your e-mail. I am interested in starting a Michigan EMBS chapter. My IEEE member number is 00977546. I am interested in taking part in local chapter activities.

If there is a role I can play in the leadership, I will try to help. Before getting my Ph.D. and moving to here, I was managing the SAMIEEE database for IEEE Turkey Section, started and developed IEEE Region 8 Web page, IEEE Turkey Section Web page and took part in many IEEE Student activities, helped organization of many IEEE Student education activities. I am somewhat familiar with the structure and organization of IEEE. If I can of any help with forming the chapter, please feel free to contact me: 

Regards,
Metin Nafi Gurcan

Kent:

I believe that these are all good reasons and I agree that it would be useful to establish a chapter in Michigan. I did not respond to your first e-mail. I do support the this but I will unfortunately not be able to contribute in any significant way other than provide my support. I hope this happens and I wish you success with it.

best regards;

Dear Kent,

Dave must have told you already that of course I'm willing to serve as a member of the team to help get the chapter started. One thing I might suggest is that you also correspond with Dr. George Wodicka, who has vast experience in getting chapters started. I'm including a copy of an e-mail he just forwarded to me about an interesting symposium to be held in Twin Cities. Perhaps we might want to see sometime in the future if we could replicate that symposium here with the same speakers. It looks really interesting. Anyway, right now I'm just looking forward to attending our first meeting!

In the early 80s EMBS had a position on the IEEE SE Mich chapter, but the section had a re-org and dropped EMBS due to low local membership (i.e. lack of interest). At that time I was vice-chair of the section having been secretary and treasurer previously. In between then and now I spent about 10 years in Chicago. On my return I found no interest in reviving a position as part of IEEE's local chapter.

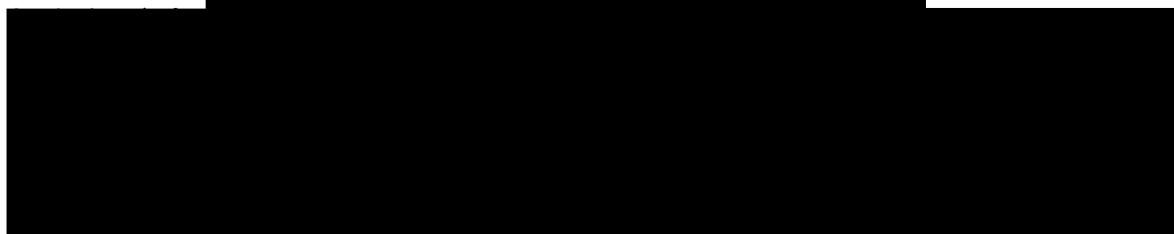

I would be interested in participating, even as an officer, given my past experience and obvious interest.

Kent-

- 1) Would be interested in attending some activities/functions... sounds like a decent idea. I don't know how much interest this will generate, but....
- 2) Don't know my EMBS number, but I'm sure the IEEE can give you a list based on names. I used to be IEEE U Michigan/Ann Arbor student branch chair, so I have some experience there... if not, let me know and I'll play the game with IEEE and try to find it.
- 3) In the future, I would appreciate it if you would please use my current, professional email address ([redacted] NOT [redacted]). The one on the list is my old school address that gets forwarded to my home address.

Keep me informed. Thanks.

Subject: Formation of IEEE/SEM Chapter VIII :: EMC-27 Electromagnetic Compatibility Society

Dear Ms Walsh,

Thank you very much for providing information on Chapter formation. As discussed on phone I am attaching a letter from Raymond H. Sasinowski, Chapter Chair of Chapter VIII :: EMC-27.

Electromagnetic Compatibility (EMC-27) group has been active in the Southeastern Michigan Section for quite a few years as a part of IEEE/SEM Chapter IV :: Trident Group (AP-03, ED-15, MTT-17, EMC-27). Activity of the EMC-27 group has increased and a separate Chapter has been formed, namely, Chapter VIII :: Electromagnetic Compatibility (EMC-27). The attached letter provides the names, addresses and phone numbers of the Chapter VIII Officers (Chair, Vice Chair, Secretary). IEEE/SEM Chapter IV :: Trident Group will include AP-03, ED-15 and MTT-17 Societies. IEEE/SEM Executive Committee has already approved the formation of the new Chapter VIII :: EMC-27.

Details of newly elected (1993-94) Section and Chapter Officers of IEEE/SEM, as provided by Past Chair Don C. Bramlett will be effective from July 1, 1993. Please correct Chapter II :: VT-06 Chair's name - K. N. RAO (instead of Ken Rae). Chapter VIII :: EMC-27 Officers will continue through the fiscal year 1993-94.

If you have any question please feel free to call me at

Thank you again for your valuable time.

Yours Sincerely,

(Sat Basu) 5/14/93 Chair

Prakash C. Shrivastava

Dear Dr. Shrivastava:

Congratulations! On behalf of the IEEE Executive Director, T. W. Hissey, Jr., it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Engineering Management Society Chapter of the Southeastern Michigan Section has been formed. The effective date of this Chapter formation is 24 October 1996.

At this time we are recording you as the Interim Chapter Chairman. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

Cecelia Jankowski

Dr. Mohamad H. Berri

Dear Dr. Berri:

Congratulations! On behalf of the IEEE Executive Director, Dan Senese, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the IEEE Southeastern Michigan Section – Control Systems Society Chapter has been formed. The effective date of this Chapter formation is 30 January 2004.

At this time, we are recording you as the Interim Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

Cecelia Jankowski
Managing Director
Regional Activities

Subject: New Geographic Unit Approval Request for the IEEE Southeastern Michigan Nanotechnology Council Chapter

Dear Director Robert Dawson and President Chennupati Jagadish:

I received a petition from Douglas Czinder to form the IEEE Southeastern Michigan Nanotechnology Council Chapter. The petition is approved by the Executive Committee of the Section and has the required amount of qualified signatures.

If you have questions or concerns, you may contact Douglas Czinder at [REDACTED]

Do I have your approval to form the IEEE Southeastern Michigan Nanotechnology Council Chapter?

Best regards,

Joe Hale
