Professor A. R. Billings

Dear Professor Billings:

We are pleased to advise you that formal approval was given during the Regional Activities Board Meeting, May 15, 1984 for the formation of the Western Australia Section.

The geographical coding assigned to the Section is:

Region 10 Council 00 Section 47 Subsection 00

We are changing the records of all members residing within the territorial limits of Western Australia to reflect the new geographical code. This process will be completed in three to four weeks. At that time, we will record you as Section Chairman, and we will be ready to fully service your Section. Please find enclosed a form for you to send back to headquarters when you have your elections for the Section officers.

We extend our best wishes for the success of your Section. If we can be of further assistance to you, please do not hesitate to contact us.

Dear Mr. Billings,

Thanks for your letter of Sep 27. I like the idea of forming a W.A. section of IEEE. I have been a member of IEEE for many years and I have been also a section chairman in California, for IAS (the Industrial Applications Society).

I will support such a move and the timing of it in 1984 is good. At the present I work for Raymond Engineers at the Worsley site so I am out of town during the week. It is expected that this assignment will end soon and I will be able to spend some time on IEEE business in 1984.

Good luck and keep me informed of future developments,

Sincerely,
