Subject: Washington Section Scholarship

Bob Asdal, Ann O'Connor and myself met with Dennis Bodson today to discuss the Mary B. and Grover C. Sherlin Scholarship.

Apparently, Grover C. Sherlin is an extremely active member of the IEEE and his wife, although incapacitated, served as the "office" for the Washington Section. She passed away several years ago and at that time, it was proposed that a scholarship be established in her name. Although the Section has allocated funds each year for this purpose, they have never awarded a scholarship and the funds then revert back to the Washington Section's treasury.

I believe Bob and I have discouraged Dennis from proposing a solicitation to the membership because of the problems involved, not only with the Internal Revenue Service, but also with the Washington, Maryland and Virginia state laws on solicitation and a general feeling that there would be a conflict with IEEE and its solicitations plans. Dennis has agreed with us and will now go back to the Washington Section and propose that funds be set aside out of the Washington Section reserves and the interest thereon be used to fund a scholarship of up to \$500 per year. This of course will be cleared with the Regional Director, who in turn will, if necessary, bring it to the attention of the Vice President of RAB and ultimately to the Executive Committee. The present major obstacle is the definition as to whether this is merely a prize or award or whether it is a legitimate scholarship. Once that is resolved, then the Washington Section will know how to proceed.

Mr. Robert Asdal

Dear Bob:

In accordance with my telephone conversation of January 13, 1977 with Elizabeth Escala, this is to inform you that the Washington Section is the managing section for all the present Societies/Chapters within the National Capital Area Council(NCAC). Therefore, rebates for the Societies/Chapters of the NCAC will be part of the Washington Section rebate.

Mr. Billy Davis, Chairman

Dear Billy:

Congratulations on final approval for the formation of the National Capital Area Council and concurrent Section status for the Northern Virginia Subsection. The petition was approved by the Regional Activities Board, December 2, without any problems and will move forward. Under the firm hand of Forrest Hogg, matters will move promptly and effectively as of January 1, 1977.

The perseverance and patience exhibited by you and Len Schwab have obviously been a significant factor in moving this project forward. The both of you are to be congratulated along with your Executive Committee for the work you have done in behalf of your membership.

Appropriate certificates covering the new status for the Northern Virginia Subsection and the formation of the National Capital Area Council will be available around the first of the year. Steps, therefore, should made for an appropriate presentation shortly thereafter. I should like to be advised at the earliest opportunity of the time and place for this event.

Sincerely yours,

W. W. Middleton Director Region 2

Thank you for sending out our course announcments to the members of IEEE Automatic Control Group of Baltimore and Washington, D.C. sections.

In February 1970 we will be interested to do the same, but to a larger area, namely: regions I and II. This would encompass about 2400 members. I would appreciate very much if you would let me know how we can arrange it.

Dear Dr. Tabak:

Your letter of January 7, addressed to Miss Emily Sirjane has been referred to me for reply.

I am sorry that we are unable to comply with your request, but the release of any part of the IEEE mailing list to announce a course sponsored by your Company, would be strictly against IEEE policy. It was in error that any labels were made available to you in the past. The IEEE policy statement on this matter states in part "Requests for labels by institutions and organizations with scientific, technical, and educational goals are defined in Section 501(C)3 of the 1954 IRS code, may be honored...", and I understand from our telephone conversation of several weeks ago, that your company is not designated as 501(C)3 by the IRS. If my understanding of your IRS designation is in error, please let me know.

May 13, 1981

From

S. H. Durrani, Chairman, Washington Section 5. H. Aurain

Subject

1. Clarification of Certain Issues Unique to Washington Section

2. Questions about Joint Chapters

As you know, Washington Section is administering 19 chapters which serve members of both Washington Section (WS) and Northern Virginia Section (NVS). Some background information on this point, and the names of these chapters, will be given at the end of this memo.

It has been our policy to consider all members of these chapters on an equal footing, regardless of whether they belonged to WS or NVS. Thus in many cases members of NVS have been elected to hold office in these chapters, without objection from either HQ or the two Sections. As an example, at least three Chapter Chairmen fall in this category for 1980-81; these are: Dr. J. H. Babcock (IT); Mr. M. Baltas (AES); and Dr. K. L. Davis (S&U). (Could you please verify this for the record in your response to this letter? It is my understanding that these three gentlemen are members of NVS and are also Chapter Chairmen of these chapters which are listed as administered by Washington Section.)

Washington Section of course fully supports this policy, and is happy to find Chapter Chairmen who are willing to take the responsibility, regardless of their Section affiliation.

Some months ago it was brought to our attention that, in one case, a Chapter Chairman (Dr. R. A. Wakefield, of Power Engineering) was questioned by someone from Headquarters on how he could hold office in a Washington Section Chapter when he was a member of NVS. It happened that Dr. Wakefield was already considering changing his affiliation to WS, so he sent in his request for this change. Now, the question should not have been raised in view of the policy stated earlier; but having been raised, it was unfortunately coupled with Dr. Wakefield's action The result was that some members of NVS are under the impression that HQ is imposing a requirements that only WS members can hold office for these chapters which serve both sections.

I would like to suggest that we place it on record--and make sure all concerned are informed of it--that a member of any of these 19 chapters (which are administered by WS for both WS and NVS members) can hold office in his chapter, regardless of his Section affiliation.

On May 27, I am meeting with Mr. Buckley, Director, Region 2, Dr. Keiser, Chairman of Northern Virginia Section, and some other officers of the two Sections, to discuss several issues. The question of these chapters will be one of the items to be discussed. I would therefore appreciate it if you would kindly let me know if my proposal stated at the end of the previous page can be implemented without violating any IEEE policies/procedures or bylaws.

At the same meeting, we will probably discuss the issue of Joint Chapters. Could you please clarify for me the procedures that apply to joint chapters of two Sections. What steps are needed to convert an existing chapter into a joint chapter? Who decides which Section will be designated to administer the chapter? What control or voice does the "undesignated" Section have in running such a chapter? Can one of the Sections rescind the decision to maintain a joint chapter and start its own separate chapter for a given Society? Would all members of the Joint Chapter be polled before such a decision is made, or can the Section do it by itself?

I would appreciate it if you could provide me the answer to the questions in the preceding two paragraphs as early as possible—and before May 26 if feasible. Please give me a call at give the answers orally; but I will need written response for the record.

The background and other information referred to in the opening paragraph is as follows. The 19 chapters in question have been administered by Washington Section, in spite of the separation of Northern Virginia into a full-fledged Section in 1977. Thus, WS receives the rebate from HQ, the rebate being based on the total number of chapter members affiliated with both sections; and we allocate and monitor their budgets and report their expenses to HQ in the Annual Statements. The 19 chapters are:

- 1. AES; 2. A&P; 3. Broadcasting; 4. Communications; 5. Computers;
- 6. EMC; 7. ED; 8. Eng. Mgmnt; 9. Eng. in Medicine & Biol.; 10. IT;
- 11. I&M; 12. Magnetics; 13. MTT; 14. Power; 15. QEA; 16. Reliability;
- 17. S&U; 18. SMC; 19. VT.

I look forward to hearing from you shortly.

## SECTION CORRESPONDENCE

March 2, 1981

TO Mark Lucas, Field Services

FROM Saj Durrani, Chairman, Washington Section S.H. Amani

SUBJECT Procedure to Handle Potential Petitions for Splitting Up
Existing Chapters Which Serve Both Washington & Northern Virginia

In October 1980 I wrote to you clarifying the position with respect to chapters in the Washington and Northern Virginia Sections. To reiterate, the Washington Section (WS) had 19 chapters in 1977 when Northern Virginia Section (NVS) changed its status from a sub-section to full section. It was agreed at that time that WS will continue to administer these 19 chapters and would serve all members of these chapters, whether they belonged to WS or NVS. Accordingly, Headquarters sent to WS the chapter rebates for all members of these 19 chapters, whether they belonged to WS or NVS. The WS allocated budgets to these chapters and was responsible for their financial solvency, accounting, and reporting. Similarly, every member of a given chapter, whether living in WS or NVS, was eligible to hold office in the chapter; in many cases we had Chapter Chairmen who belonged to NVS, while the chapter was listed in your records as a Washington chapter, i.e., administered by us but serving both sections. For several months both sections tried to form a Council, but the attempt was unsuccessful; no bylaws were adopted and no officers were elected. Finally, in the summer of 1980, WS formally notified you that there was no Council (and it had never existed). Copies of this notice and of my correspondence with you in October 1980 were sent to NVS and the Director, Region 2 at that time, Mr. Farrell. Mr. Bodson also knows the background.

I now come to the point of this letter. We have recently heard rumors that some members of one or two of these 19 chapters are considering moves to split up these existing chapters. Of course any 14 members of a Group or Society living in a Section can petition to form a chapter. However, this procedure holds for the formation of a new chapter, where none exists. It should not apply to the present situation, where the petition is, in effect, asking for an existing chapter to be split up, rather than asking for permission to start a new chapter.

In principle, <u>WS is not against the formation of new chapters which</u> fill a need. Thus, we had no objection to the formation of two new chapters by NVS (ASSP and CS), which served NVS, and the formation of two other new chapters by WS (again ASSP and IAS) which served WS alone. <u>What we object to is the splitting up of an existing chapter without due process</u>.

In our view, whenever a petition is received asking for a split-up, the matter should be referred to all members of that chapter living in the territory of the proposed new chapter. THUS, THE DECISION TO SPLIT SHOULD BE MADE BY ALL MEMBERS OF THAT CHAPTER LIVING IN NORTHERN VIRGINIA SECTION, AND NOT BY JUST FOURTEEN PETITIONERS.

Normally, we would not pay attention to rumors, but we have found that the Section was bypassed on several occasions and was confronted with a fait-accompli. (For instance, the petition to change the status of Northern Virginia from Subsection to full Section in 1977 was sent directly to the then Director of Region 2, without reference to Washington Section.) Consequently, we are very sensitive to actions being taken without referral to the Section.

Since Washington Section is currently administering these 19 chapters and is serving their members living in both sections, a logical procedure to handle any petitions for the formation of new chapters of any of these Groups/Societies in Northern Virginia is as follows:

- 1. The petition should be referred to both Northern Virginia Section and Washington Section for comments and recommendations.
- 2. The Washington Section will ascertain the wishes of the members affected. This may be done by direct mail, by announcement in the Bulletin, or other appropriate means. The Section will then make its recommendations in the light of the results of this referendum. (We do not wish to speculate on what procedures NVS may follow.)
- 3. The Regional Director will make his decision after considering the recommendations provided by both sections.
- 4. Field Services should not process any such petition unless it has been referred to Washington Section.

The 19 chapters involved are the following:

1- AES; 2- A & P; 3- BCCE; 4-COM; 5-Computer; 6-EMC; 7-ED; 8-EM; 9- EMB; 10-IT; 11-I & M; 12- Magnetics; 13-MTT; 14-PES; 15-QEA; 16-R; 17- SU; 18-SMC; 19-VT.

Please call me at if you have any questions.

MAR 1 7 1982

Field Services

PLEASE REPLY TO:

Mr. Mark M. Lucas

Dear Mr. Lucas:

This letter relates to chapters of several IEEE Societies. At the present time, we believe it to be in the interest of our membership to change the status of the below-listed Chapters to that of "Joint Chapters of the Washington and Northern Virginia Sections". In accordance with requirements of paragraph 406.9 of the IEEE Bylaws, it is requested that the status be changed officially and that the administrative responsibility and financial management of these 13 Chapters be assigned as follows:

Joint NoVa/Wash Chapters and administered by the Washington Section:

_	Aerospace and Electronic Systems	(AES-10)
-	Broadcast, Cable & Consumer Electronics	(BCCE-02)
-	Electromagnetic Compatibility	(EMC-27)
_	Electron Devices/Components, Hybrids & Mfg.	
	Technology	(ED-25/CHMT-21)
_	Engineering Management	
_	Industrial Applications	(IA-34)
_	Information Theory	(IT-12)
_	Magnetics	(MAG-33)
-	Microwave Theory & Techniques	(MTT-17)
	Professional Communication	(PC-26)
_	Reliability	(R-07)
_	Systems, Man & Cybernetics	(SMC-28)
	Vehicular Technology	(VT-1 <del>25</del> )06

This change is proposed for administrative purposes only. It will not affect chapter operations, budgeting or programming. The establishment of joint chapters is without prejudice to either section forming separate chapters at some future date, or to the administration of some joint chapters being taken over by Northern Virginia. These steps would be taken in accordance with IEEE Bylaws and would be responsive to the desires of affected Chapter members.

Mr. Mark M. Lucas March 8, 1982 Page 2

For completeness, we should note that we have not yet decided on the best way to administer the six Chapters listed below, and we will continue to negotiate this with Chapter members.

- Antennas & Propagation	(AP-3)
- Communications	(COMM-19)
- Engineering in Medicine & Biology	(EMB-18)
- Instrumentation and Measurement	(IM-09)
- Power Engineering	(PE-31)
- Quantum Electronics & Applications	(QEA-36)

Additionally, we already have one joint Chapter (Sonics and Ultrasonics), and three Chapters with separate entities in Washington and Northern Virginia (Computers, Acoustics, and Control Systems). No change is contemplated.

Mr. Edgar H. Neal

Dear Mr. Neal:

We are pleased to advise that all concerned approved the establishment of the Acoustics, Speech and Signal Processing Chapter in the Washington Section on August 1, 1980.

At this time we are recording you as the Interim Chairman. When an election has been held, please use the enclosed Chapter Officers form (L7) to report the officers to IEEE. If we can assist in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this new Chapter.

Simcerély,

Dear IEEE - ASSP Member:

Activity has begun to organize a Washington Chapter of the IEEE Acoustics, Speech, and Signal Processing Society. The active support of local ILLE-ASSP members is being solicited. To this end a petition is enclosed along with a survey statement on which you may indicate your active support.

If sufficient local interest exists, the signed petitions will be forwarded to the appropriate IEEE authorities along with a proposed pro tem chapter organization. Upon approval of the chapter formation, the organizing committee and pro tem officers will arrange for the election of officers and for the formation of the various committees.

I look forward to your active support of this chapter and request that you promptly sign the petition, complete the active support statement, and mail them to:

Edgar H. Neal

# PETITION:

Being a member of the Washingtion Section of the IEEE and a member of the Acoustics, Speech, and Signal Processing Society, I do herewith petition the IEEE for the formation of a Washington Chapter of ASSP.

Dr. Ronald W. Waynant

Dear Dr. Waynant:

We are pleased to advise that all concerned approved the establishment of the Quantum Electronics and Applications Chapter in the Washington Section.

We are recording you as the Interim Chairman until an election has been held and the Chapter Officers reported to IEEE. If we can assist in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this new Chapter.
