THE NEWS BULLETIN PUBLISHED BY THE GENEVA SECTION  
OF THE INSTITUTE OF RADIO ENGINEERS

Volume 1, No. 1  
January 1961

Palais Wilson  
Genève 14, Suisse

The Establishment of the Geneva Section approved

The Executive Committee of the Institute of Radio Engineers, at its meeting on 13 December, 1960, approved the establishment of a Geneva Section of the Institute. The consideration was the result of the interest of members in Switzerland in having section activities and meetings, so they could gather together to hear interesting talks on new technical developments and to exchange views on development in the field of radio engineering. A group of Members, Professor Tank of Zurich, Dr. Gerber of Berne, Jean Lebel of Vaud and John Gayer of Geneva, have exchanged views among themselves and other Members for some time on how such a section in Switzerland should be organized.

The recent visit of the 1960 President of the I.R.E., Dr. Ronald MacFarlan, brought out the wide interest in Institute activities by the members residing in Switzerland. After hearing his message on the development of the Institute and the interest of the Institute in international symposiums and the world-wide exchange of technical information, those of us who had the opportunity to visit with him and discuss the possibilities of organizing a section in Switzerland, were convinced that now was the opportune time to organize the Geneva Section.

The Executive Secretary of the Institute, Dr. George W. Bailey, sends us the Institute's best wishes for the great success of the newest section and advises the section that the Board of Directors of the National Headquarters are constantly seeking ways and means of improving their services to members. The Headquarters would greatly appreciate it if we would contact them on any problems encountered. The Benelux Section of I.R.E. sends us their best greetings for the new I.R.E. Section in Geneva. The President, Ir. H. Rinia and the Secretary, Bruce Barrow, plan on attending our inaugural meeting and stand ready to further assist us.

Organization of the Geneva Section

It is now for us to arrange for the first meeting of this Section and to organize the operation of the Geneva Section. At the first meeting, officers must be elected and a programme for the year approved. The officers and chairmen of committees for a section are normally at least:

- President
- Vice President
- Secretary
- Treasurer
- Chairman of Membership Committee
- Chairman of Program Committee
- Publicity Chairman (and Editor)

It is suggested that Members should consider whom they wish to have for officers for the year 1961.

#### Program for 1961

Proposed for the first year's program is to have four meetings in Geneva and an inspection trip of wide interest to all Members. Along these lines there could be a meeting in February, April, September and November.

The inaugural meeting will be held on Monday evening 27th February at 6.30 p.m., commencing with a dinner in the Palais des Nations Restaurant, Geneva, when we shall have the pleasure of an address by Dr. F. L. Stumpers, of Philips Research Laboratories, on "Stereophonic broadcasting systems for the FM band, with special reference to a controlled subcarrier FM-AM-system". Further details on the meeting and the programme will be sent to you separately.

#### National U.R.S.I. Meeting in Berne

Members certainly appreciated the thoughtfulness of the Swiss National Committee of U.R.S.I. of inviting I.R.E. Members to attend the U.R.S.I. meeting held in Berne on 25th November. Those of us who could attend, found the meeting most interesting, and greatly appreciated the opportunity of getting together with the U.R.S.I. members.

#### I.R.E. Members in Switzerland

I.R.E. Headquarters sent us a list of I.R.E. Members residing in Switzerland. This list is being reproduced and will be sent to all members. It is interesting to note the number of I.R.E. Members in Switzerland and their wide professional interests. There has been considerable interest expressed in I.R.E. activities which leads one to believe that an additional number of other radio engineers will join the Institute now that sectional activities are being organized, which leaves an interesting and challenging opportunity for the Membership Committee.

#### Address of the Geneva Section

Tentative arrangements have been made for the address of the section to be:

"Geneva Section, I.R.E.,  
Palais Wilson,  
Genève 14, Suisse"

AIRMAIL

Mr. John H. Gayer  
I. F. R. B., I. T. U.  
Palais Wilson  
Geneva, Switzerland

Dear John:

I am very pleased to advise you that on December 13, 1960, the IRE Executive Committee approved the establishment of the Geneva Section of The Institute of Radio Engineers to include the entire country of Switzerland.

When you have elected officers, will you please send us their names and addresses for our records and for the listing of your Section in the PROCEEDINGS.

As the Board of Directors and the National Headquarters are constantly seeking ways and means of improving their services to members, we shall greatly appreciate your contacting Headquarters or your Section officers about any problems you may encounter.

We all wish you great success in the operation of this new Section.

With reference to your previous letter, you will be interested to know that F. Dubret changed his mind and wanted his IRE membership application processed for Member grade, to which grade he has recently been elected.

With best wishes for the Holiday Season.

Sincerely,

George W. Bailey  
Executive Secretary

NEW YORK 21, N.Y.,  
(U.S.A.)

John H. Gayer,  
Member, I.F.R.B.,  
I.T.U.,  
Palais Wilson,  
Geneva, Switzerland.

9th December, 1960

Dear George,

As I mentioned in my letter of Tuesday 6th December, I herewith forward the Petition to form an I.R.E. Section. As discussed by the Organizational Group, this is a formal Petition for the formation of a Geneva Section, with the territory of the Section to consist of Switzerland.

We have circulated three forms to be signed and the third form is presently in Zurich. I hope to have it forwarded to you direct very soon. Until this form is completed, there will be a few names short of the 25 required. However, we are anxious to start out with the first of the year and for this reason I intend to telegraph to you, through George Jacobs, the additional names on Monday. *I have added their names to the list with their agreement. I will send their signatures next*  
With best wishes,

*Went, as I want to AIR MAIL  
this to you right now!*

Sincerely yours,

  
John H. Gayer

## SECTION CORRESPONDENCE

PLEASE ADDRESS  
REPLY TO

Mr. George Bailey,  
Executive Secretary,  
Institute of Radio Engineers,  
1 East 79 Street,  
NEW YORK, N.Y. 21  
(U.S.A.).

John H. Gayer,  
Member, I.F.R.B.,  
I.T.U.,  
Palais Wilson,  
Geneva, Switzerland.

6th December, 1960

Dear George,

I am pleased to be able to inform you that the organisation of a Geneva Section is finally proceeding without any complications. As I previously wrote to you, various problems have arisen in reference to the creation of a Swiss Section and therefore, on the suggestion of Professor Tank, we are going ahead with the Petition for a Geneva Section. In fact, Dr. Gerber thought in view of the publicity we received in the "Benelux Bridge" that we had already organized a Geneva Section.

We received a very interesting and helpful letter from Mr. Bruce Barrow. We appreciate his interest and help very much and look forward to him attending our organizational meeting which we now plan to have in the latter part of January.

I have the Petition for the Geneva Section ready to send to you except we need a few more signatures to have the required twenty-five. I hope to get it off to you in the next couple of days so that you will have it for your Executive Committee on Tuesday 13th December. We would like very much to have such to begin with the calendar year and to have the Petition completed as the result of your interest and assistance and the timely visit of President MacFarlan.

With best wishes for the holiday season.

Sincerely yours,

  
John H. Gayer

Proposed Switzerland Section

March 7, 1957

Mr. John H. Gayer  
Palais Wilson  
Geneva, Switzerland

Dear Mr. Gayer:

I wish to acknowledge and thank you for your letter of February 21, 1957. In response to your request, I am enclosing some material describing the requirements for Section formation and also a current list of IRE members in Switzerland. This has been compiled by Miss Emily Sirjane at IRE Headquarters with whom you may communicate directly on future matters concerned with the formation of your proposed Section.

As you will note the present requirements for a Section petition stipulate that it must be signed by at least twenty-five IRE members of Associate grade or higher. I see from our membership list that you have eleven members in Geneva and thirty in Zurich, so I presume that if you wish to do so and if the members are agreeable, you would be able to obtain the signatures of twenty-five members to form a Section whose territory would logically be Switzerland and whose name should be determined by the petitioners.

Your proposal to work closely with Professor Tank is a very happy one since he was Vice President of IRE in 1955.

For your further information, we now have under discussion a proposal to change our rules for new Sections to be formed outside Continental North America whereby a minimum of ten rather than twenty-five signatures would be required on the Section petition. This will come before the Board of Directors for the final decision at a meeting on April 11, and although I believe that the Board will act affirmatively, I have of course no way of guaranteeing this in advance.

With best wishes for the success of your endeavors,

Yours sincerely,

John T. Henderson  
President

21st February 1957

Mr. J.T. Henderson,  
President, Institute of Radio Engineers  
1 East 79 Street  
New York, 21

Dear Mr. Henderson,

Thank you very much for your encouragement on organizing a Geneva Chapter of IRE.

We have sufficient experience and the prospective participants for such an undertaking here, have already a Switzerland Chapter of AFCEA. Now that AFCEA has been successfully established, I think we should organize such an important activity like a chapter of IRE. For your information, I add that Mr. Gerald C. Gross and I organized this group. Mr. Gross, Assistant Secretary General of the I.T.U. was the first Secretary and I had the honour to be the first President.

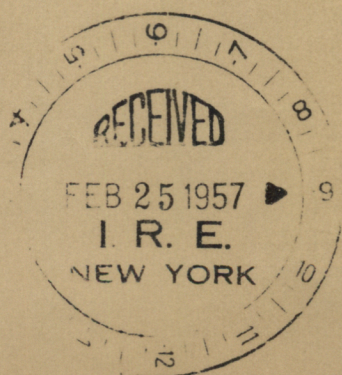

I make these related points to convince you further that we are ready to initiate a survey to find the numerical interest, obtain a list of members of IRE and possible new members, and thereafter organize a Geneva Chapter. In this respect I would appreciate receiving detailed information on how to obtain a charter and other procedures relating to the operation of a chapter. As far as the person who will take the responsibility, or if I may use your descriptive word, will be the "spark-plug", I would be happy and honored to have this task, if such is your desire.

In any case, I would like to work closely with other members of the IRE, particularly with Mr. Gross and perhaps with Professor Tank of the Federal Institute, Zurich. In addition, it will be possible for Mr. Gross to discuss the details directly with you and the other officials of IRE as he is leaving soon for a vacation in the States and will attend the IRE Convention where he receives his Fellow's Award.

In conclusion, I would like to send my very best wishes for the coming IRE Convention and express my regrets to be missing this great show again this year.

Sincerely yours,

Orig. to Henderson

Dear John:

I discussed with Dr. Baker your letter of January 25 to John H. Gayer, Geneva, Switzerland, and he stated that he was agreeable to having it mailed. I shall depend upon you to bring up to the Executive Committee the possibility of forming Professional Group chapters outside North America where there are not enough members for a Section. Doc is in favor of it and so am I.

Yours truly,

Copy to Dr. W. R. G. Baker

George W. Bailey  
Executive Secretary

cc'd for April meeting to

Dr. Henderson

EWB

*mailed 1/30*

January 25, 1957.

Mr. John H. Gayer,  
Palais Wilson,  
Geneva, Switzerland.

Dear Mr. Gayer:

I wish to acknowledge and thank you for your letter of the 15th of January. I think it opens a possibility for IRE to render some service to members at points far removed from North America.

As you are well aware, in order to start a new Section of IRE anywhere it is necessary to have 25 members petition Headquarters that such a Section be approved by the Board. In order to start a Professional Group Chapter it is necessary for an appropriate petition to be signed by ten members but with the proviso that it is formed within the framework of an existing Section.

If you have 25 members or would-be members of the IRE available in the vicinity of Geneva you could readily petition to have a new Section started and at the same time a petition could be sent forward for the formation of a professional group chapter. However, should you find it difficult to assemble 25 members of IRE, I think the Executive Committee should explore the wisdom and possibility of forming professional group chapters outside the continent of North America under special but, as yet unspecified, conditions.

The only reservation I have in mind is that it would appear unwise to form chapters or Sections in areas where all the members have only a temporary domicile. I feel at least a few of them should regard themselves as reasonably permanent residents of the area.

One other point that occurs to me is that should such a Section or Chapter be formed I would think the name European would be inappropriate as it might embarrass future expansion or formation of additional Sections and Chapters. As a matter of fact the thought Geneva Section springs naturally to mind and its territorial definition could be made as extensive as circumstances warrant.

Mr. John H. Gayer

January 25, 1957

- 2 -

One essential requirement for any new Section is a local man to act as the spark plug to get things started and organized. If you are interested in pursuing this further please be assured that both the staff at Headquarters and the Board of Directors would be ready to offer you any assistance possible.

I am,

Yours sincerely,

John T. Henderson,  
President.

15th January, 1957

Mr. J.T. Henderson  
The Institute of Radio Engineers  
1 East 79 Street  
NEW YORK

Dear Mr. Henderson,

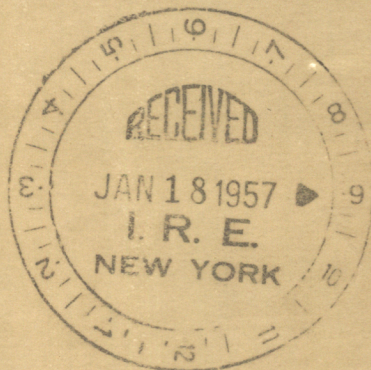

I wish to take this opportunity to thank you for your compliments of the season extended in your letter of January 7th and return the same to you. In addition, I am very pleased to have you preside during the year 1957.

I think it was a good idea to remind members of the Professional Group of membership available. I, for one, have continued to maintain membership in more than one group and find it advantageous to participate in the group activities.

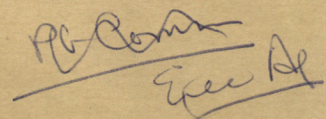

My only regret in this respect is that since I am not now residing in the United States I cannot participate in local Chapter activities. For this reason and also in view of the fact that a number of other members living in Europe temporarily or permanently would like to have the advantage of local activity, I am wondering what the possibilities are for organizing a European Chapter, if not of IRE, of a Professional Group on Communications. If there exists a possibility I will make further inquiries, as I think Geneva, being the Headquarters of the International Telecommunication Union, is the appropriate place to have such an activity or in any case to start the inquiry.

Yours sincerely,

Dr. Dirk Westermann

Dear Dr. Westermann:

Congratulations! On behalf of the IEEE Executive Director, Dan Senese, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Power Engineering Society Chapter of the Switzerland Section has been formed. The effective date of this Chapter formation is 06 June 2002.

At this time we are recording you as the Interim Chapter Chair. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

Dear Prof. Steger:

Congratulations! On behalf of the IEEE Regional Activities Vice President, Marc T. Apter, and IEEE Technical Activities Vice President, John Vig, it is a pleasure to inform you that the requirements of the RAB Operations Manual have been met, IEEE Switzerland Section – Education Society Chapter has been formed. The effective date of this Chapter formation is 03 November 2005.

You have been recorded as the Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. Valuable information regarding IEEE Society Chapters can be found at [www.ieee.org/chapters](http://www.ieee.org/chapters). If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

A handwritten signature in blue ink that reads "Cecelia Jankowski".

## REQUIREMENTS TO FORM A CHAPTER OF AN IEEE SOCIETY

*A Chapter is a technical subunit of one or more Sections, or a Council, constituted by a minimum of twelve (12) members of a Society and established by petition to the parent unit(s) and Societies concerned to represent and fulfill the needs of the members and the missions of IEEE. A Chapter functions in a manner similar to that of a committee of the Section. In instances where Section territorial geography may warrant and Society member interests are sufficient to support multiple Chapters of a Society, additional Chapters, suitably identified, may be formed and operate under the current applicable procedures. (IEEE Bylaw 406.1).*

A petition, signed by not less than twelve (12) Section members, above Student grade, who are members of the Society shall be submitted to the Section Executive Committee, via the Section Secretary, for approval. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

The petition shall specify:

- The name of the Section
- The name of the Society
- The name and address of the Chapter organizer

With the written approval of the Section Executive Committee, the petition shall be mailed to:

Regional Activities staff will review the petition and work with the organizer to resolve any discrepancies. The Chapter shall be considered established after Regional Activities has ascertained that the Regional Director and the Society President(s) have no objections to the formation of the Chapter.

Following approval, the Section Chairman, the Chapter Organizer, the Regional Director and the President of the Society will be notified. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

## **TO FORM A JOINT CHAPTER COVERING TWO OR MORE SOCIETIES**

The requirements are the same as for a single Society Chapter, with the following exception. Of the 12 signatures on the petition, not less than three shall be members of each of the Societies involved.

For example, a joint Microwave Theory & Techniques (MTT-17) and Antennas & Propagation (AP-03) Society Chapters might be formed with eight petitioners belonging to MTT-17 and four petitioners to AP-03. It is not required, though it may be useful, that Chapter members or officers maintain membership in both Societies. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

## **TO FORM A JOINT CHAPTER COVERING TWO OR MORE CONTIGUOUS SECTIONS**

A petition must be signed by not less than twelve (12) members, other than Students, of the Sections involved, who are members of the Society or Societies, and submitted for approval by the pertinent Sections Executive Committees. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

The petition shall specify:

- The names of the Sections involved
- The name(s) of the Society or Societies
- The name and address of the Chapter Organizer
- The organizational unit (administrative parent Section) which shall be responsible for the Chapter management. In joint Chapters, administrative matters relate to the parent Section.

With the written approval of the entities involved, the petition shall be mailed to:

The Joint Chapter shall be considered established after Regional Activities has ascertained that all entities involved have no objections to the formation of Chapter.

Following approval, the Sections and Societies involved, the Chapter organizer and the Regional Director will be notified. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

PETITION TO FORM AN IEEE CHAPTER

Date: 2 Feb. 1999

Name of IEEE Society/ies SSCS

Prof. A. Birolini

Zürich, 7.8.96

*Subject: Change of the Status of Chapter MTT & AP and Chapter EMC to a joint  
Chapter MTT-AP-EMC*

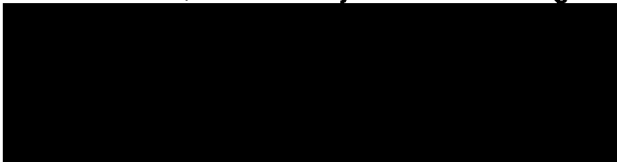

Dear Prof. Birolini

As discussed at the last ExCom Meeting, July 9<sup>th</sup>, we would like to propose to join the Chapters MTT & AP and EMC to a new Chapter MTT-AP-EMC.

Justification: The two existing Chapters are rather small and a joint Chapter would reach a critical mass. The corresponding subjects are combined in an single Laboratory at ETH Zürich and at EPFL Lausanne.

Organizer and new Chapter Chairman:

W. Bächtold, Laboratory for Electromagnetic Fields and Microwave Electronics,

We would appreciate if you would submit this request to IEEE Regional Activities.

Sincerely

  
H. Baggenstos  
Chapter Chairman EMC

  
W. Bächtold

Subject: Establishment of a Joint Chapter

The Executive Committee of the Switzerland Section has submitted a petition requesting approval to establish a joint Circuits and Systems/Electron Devices Chapter in the Section.

The petition contains signatures of at least 12 active Section members, above Student Grade, who are members of the Circuits and Systems and Electron Devices Societies. Our current records indicate there are 121 members of the Circuits and Systems and Electron Devices Societies in the Switzerland Section.

Kindly use the form below to advise us whether or not you approve establishment of this Joint Chapter.

- 
- I approve establishment of the joint Circuits and Systems/Electron Devices Chapter of the Switzerland Section.
- I do not approve establishment of this joint Chapter because \_\_\_\_\_

Mr. G.S. Moschytz

Dear Mr. Moschytz:

We are pleased to announce that all concerned approved the establishment of the Social Implications of Technology Chapter in the Switzerland Section on August 27, 1982.

At this time we are recording you as the Interim Chairman. When an election has been held, please use the enclosed Chapter Officers form (L7) to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this new Chapter.

Sincerely,

Don Suppers  
Staff Director  
Field Services

Dr. Selim S. Hacisalihzade

Dear Dr. Hacisalihzade:

Congratulations! On behalf of IEEE General Manager Eric Herz, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Engineering in Medicine & Biology Chapter Joint between the Switzerland, Germany, and Austria Sections has been approved. The effective date of this Chapter formation is March 21, 1991.

At this time we are recording you as the Interim Chairman. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this new Chapter.

Sincerely,

Melvin I. Olken

Dear Professor Dr. Huang:

Congratulations! On behalf of the IEEE Executive Director, Dan Senese, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Solid State Circuits Society Chapter of the Switzerland Section has been formed. The effective date of this Chapter formation is 9 December 1998.

At this time we are recording you as the Interim Chapter Chair. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. If we can assist you in any way in the planning of the Chapter activities please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

  
Cecelia Jankowski  
Managing Director

**Subject:** Approved - Formation of IEEE Switzerland Section Engineering in Medicine and Biology Society Chapter

---

Dear Dr. Volker Koch:

Attached you will find the congratulatory letter regarding the approval of the IEEE Switzerland Section Engineering in Medicine and Biology Society Chapter. You should receive the letter via post within the next week.

The official formation date is 27 September 2008. and the geo-code is CH08622. You may begin reporting your meetings by visiting the following URL and choosing the chapter from the drop down menu in the "--SelectSponsor--" field:

<http://ewh.ieee.org/cgi-bin/l31/ReportForm.pl>

Please feel free to contact me if you have any questions. Good luck with your Unit's activities.
