Dear Dr. Lemaitre:

Congratulations! On behalf of the IEEE Executive Director, Dan Senese, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the Bolivia Section has been approved. The effective date of this Section formation is 8 November 1997.

At this time, we are recording you as the Interim Chair. When an election has been held, please use the enclosed Officer Confirmation form to report the officers to IEEE. The Geocode for the Bolivia Section is R90059, please use this on all correspondence. If we can assist you in any way with the planning of the Section activities please let us know.

We extend our best wishes for the successful operation of this new Section.

Sincerely,

Mr. Jose Roberto C. Lacerda

Dear Bob:

Somewhat belatedly, I am replying to your letter of April 4 regarding the formation of a Bolivia Section. It sounds as if you had quite an adventure but have met with considerable success in getting formation of the Section underway.

After receiving the petition with the 28 signatures, we found the following:

1. Six of the petitioners are active members residing in Bolivia.
2. Seven petitioners forwarded their applications with the petition. These have been processed and as soon as we receive payment of their membership dues, we will record their signatures as valid.
3. Two petitioners are Students and are ineligible to petition for the Section.
4. We are awaiting the applications from the remaining 13 individuals who could not be identified as active IEEE members.

A list of the petitioners, and the status of each, is attached.

Our records indicate that there are currently 15 Student and 15 other grade members in Bolivia and we have identified seven whose names are not on the petition. We are providing on the attached sheet the names and addresses of the seven active members. By copy of this letter to Luis R. Jimenez, I am asking his authorization on the number of valid signatures acceptable to approve formation of the Bolivia Section.

Another matter has been of some concern to me. In your letter you indicated that only engineers who are members of the "Consejo Nacional de Ingenieria" should be granted Member grade. You indicated that non-members of the "Consejo", although graduates of a university program, should be granted only IEEE Associate grade. I am sympathetic with the spirit of this position but we are bound by the letter of the IEEE Bylaws on the qualifications for each membership grade. Each of the seven whose applications you forwarded is a graduate of a "school of recognized standing" and since each qualifies for

Mr. Jose Roberto C. Lacerda

Member grade in the Institute, their applications must be processed accordingly. In future correspondence with the local organizers of the Bolivia Section, I would recommend that this matter be brought to their attention.

With Best Personal regards,

Sincerely,

Robert K. Asdal

Mr. Robert Asdal

Dear Bob:

As you may already know, we are making efforts to carry to a good end the formation of the Bolivia Section. José Roberto Lacerda has sent you, among other things, a petition signed by 28 engineers, but only 6 of them are current active members, one is an applicant and other 6 also applicants but without payment. In the best of the cases, only 13 valid signatures. Luis Ruperto could not approve that petition because of insufficient number of valid signatures. Nevertheless, José Roberto has made an excellent job in La Paz and we are on a good way to make things going on.

So please give us assistance on the following:

- 1) Send me some petition forms to have them on hand when necessary.
- 2) Maintain updated our file of membership in Bolivia. We know that up to Feb there were 30 active members, 15 of them above Student grade, but we do not know what happened in the past two months.

We will try a personal approach to every member in order to incentive membership growth.

Sincerely
